An emotional and vibrant retelling of the famous author's passions and torments, as well as her ardent relationship with Vita Sackville-West.

Virginia Woolf ended her own life in March 1941, driven by the strength of her grief for the world entering another war. She was a woman full of turbulent emotions and desires, ones which brought her both great joy and suffering. Told through loose connections with some of Woolf's most beloved novels and using quotations from letters written by Woolf and Sackville-West, this graphic novel brings color and texture to this semi-secret love affair and boldly renders the waves and lulls of Woolf's extraordinary mind.

MATTHEW DOW SMITH

A moody, coming-of-age tale for fans of *Miss Peregrine's Home for Pecular Children* and *Nimona*, filled with fairies and ogres and magic galore.

Autumn Ackerman grew up believing in fairies and magic and princesses who defeated dragons, but now that she's eighteen and facing a future stuck behind the counter of her small town's coffee shop, she's starting to wonder if this is all there really is to her life.

But then she meets her childhood imaginary friend, Barnaby, in the alley behind the coffee shop one night. Autumn's entire world is turned upside down.

Drawn into the strange and mysterious world of the Night Folk, fantastic creatures that inspired all of humanity's myths about gods and monsters, Autumn is about to discover that there is more to her world than she ever dreamed of as a little girl, and that world is far more dangerous than she could ever have imagined. With the help of Barnaby and Evan Fade, the tragic young boy who inherited the local bookstore, Autumn has to protect herself from the coldly terrifying Mr. Balloon long enough to discover the truth about the Night Folk and her own past.

Billie once basked in the spotlight as an internet singer-songwriter, until her fame faded and her songs drew only harsh criticism. Urged by her father to give up her "star dream," she fled home in a storm of emotion. Three years later, she's found unconscious on a street with no memory of her disappearance, clinging to a sketchbook filled with evocative drawings of Hong Kong's streetscapes. As Billie retraces the vivid locations within her sketches, she embarks on a profound, otherworldly journey through memory and place, seeking not just what she has lost, but who she has become.

Presented as a stunning slipcased hardcover collection, this two-book set includes the graphic novel and the in-story sketchbook that holds the key to Billie's lost memories.

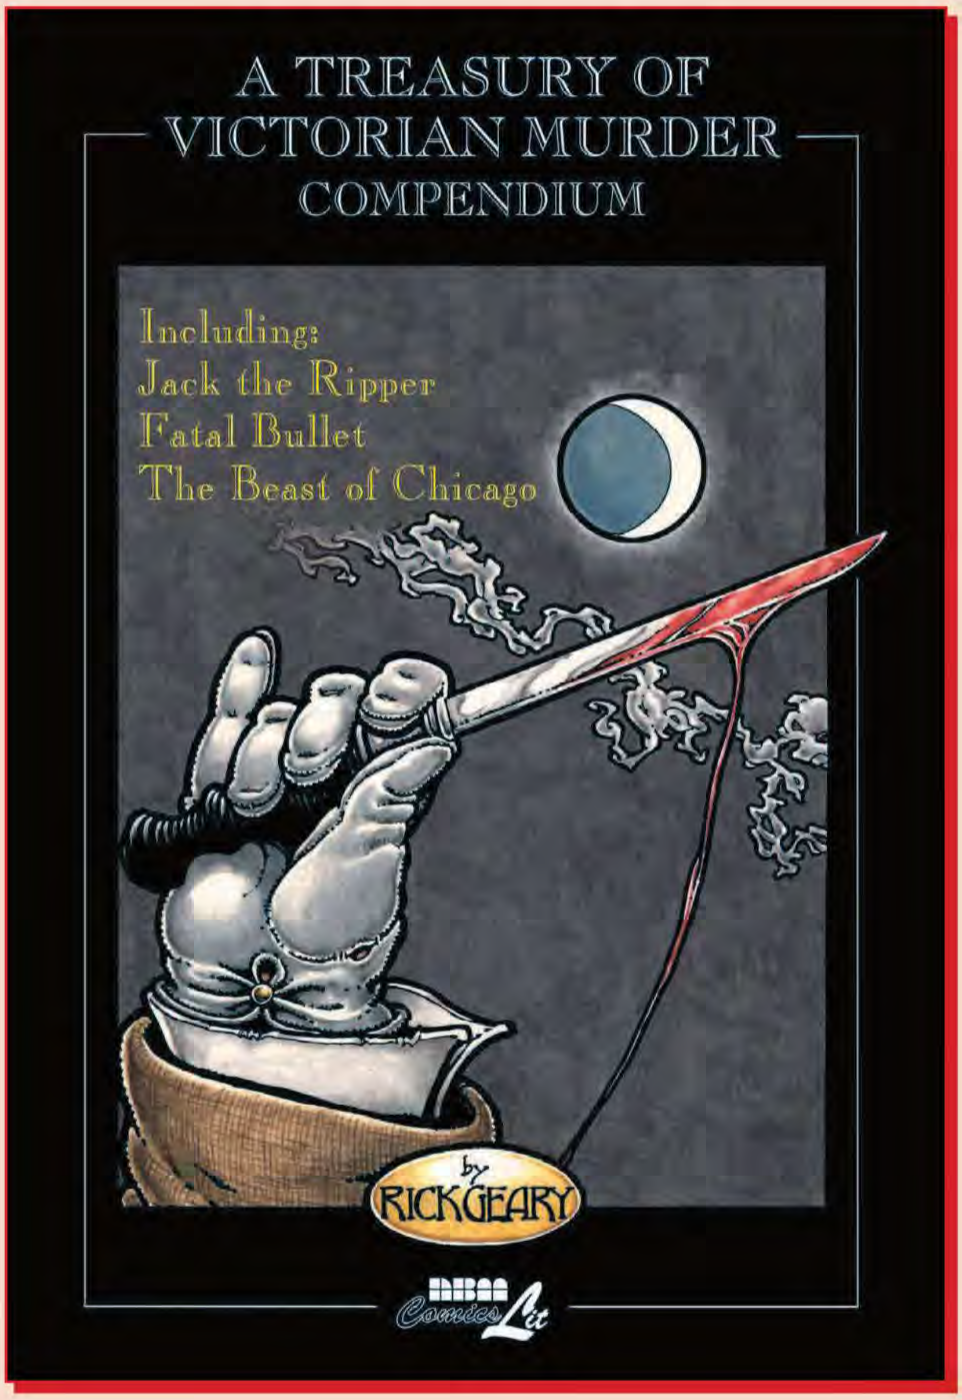
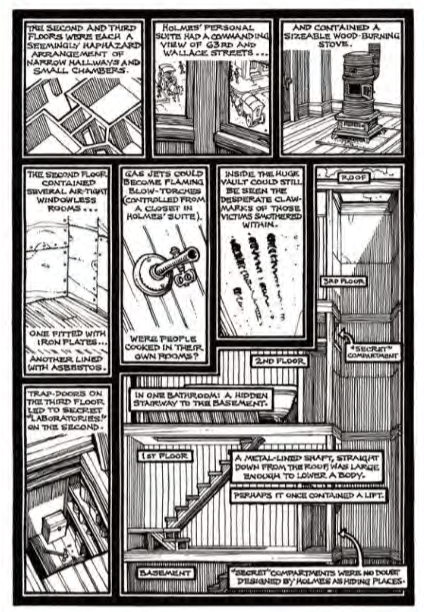
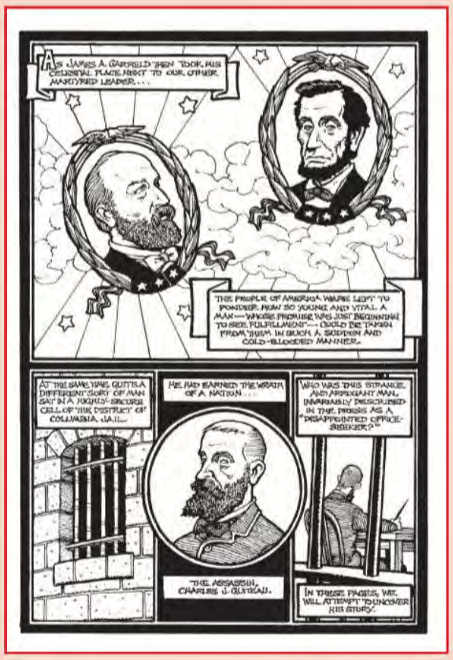
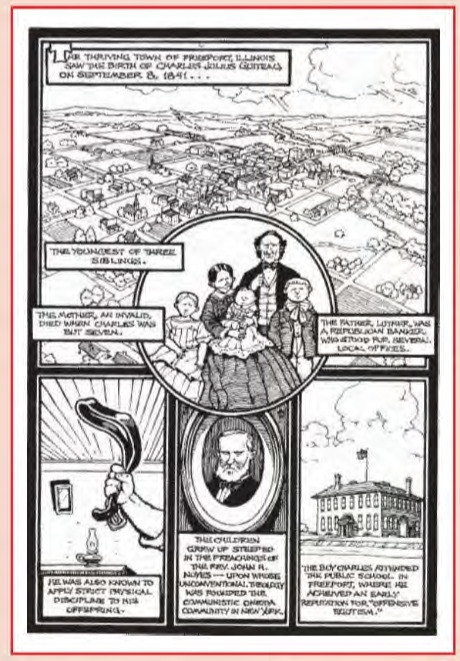
A TREASURY OF VICTORIAN MURDER, COMPENDIUM I TP PREVIOUSLY OFFERED

COVER/WRITER/ARTIST: RICK GEARY









NBM Graphic Novels TM & © 2026 ABLAZE, LLC.

In this first omnibus collecting Rick Geary's Treasuries of Murder series, find three historical true-crime tales from the Victorian Era conveyed through Geary's pen-and-ink cartooning and frank storytelling citing contemporary accounts.

Jack the Ripper covers the story of its notorious namesake's crimes, the reactions of Londoners, and investigators' attempts to pinpoint the true identity of the murderer—an ultimately fruitless venture. The Beast of Chicago delves into the history and crimes of H.H. Holmes, generally considered to be America's first (caught and convicted) serial killer, who owned a so-called "murder castle" where he victimized visitors to the Chicago World's Fair of 1893. The story of The Fateful Bullet is that of the assassination of President James A. Garfield by Charles J. Guiteau, following the diverging paths of two men with similar beginnings among the prairies of America.

"A must-read for those who love comics and Gothic-tinged history. These pages are an artist's master class. Geary's cinematic style establishes visual rhythms that set the pace for a story that remains vibrant despite the fact that the only voice we read is the narrator's. Beautiful."

ISSUE	$8.99	40 PAGES	FC	STD.	ONE-SHOT	IN STORES MAY 27

THIS IS IT—THE FINAL END OF RICK AND MORTY! In one last shamelessly transparent promotional stunt, Oni Press, unsatisfied with the end of *The End*, proudly presents *Rick and Morty Forever* . . . the final issue of Oni Press' immortal run on the sci-fi, dimension-hopping, foul-mouthed, pretentiously beautiful, intellectual temper tantrum turned cultural phenomenon known as *Rick and Morty* from nigh-omnipotent writer Daniel Kibblesmith (*Loki*) and franchise über-veteran Troy Little (*Cult of the Lamb*)!

How do you punish the smartest man in the universe? Show him everything—everything—he's ever wanted to know or see . . . and afford him no power to do anything about it. Rick Sanchez, the destroyer of worlds. Now he sits in endless observation of all there is to see, tortured by cosmic impotence, the ultimate expression of "go to your room and think about what you did."

But in his endless torment, Rick realizes that a fate of unspeakable horror also awaits his unwitting companion: his grandson, Morty. Can Rick save the soul of the only being that ever stood by him through all his indiscretions? Can the transformative power of love give rise to the triumph of the human spirit? Or is everything just #@$%@?

THE FUTURE IS A RIOT! In the footsteps of *JUDGE DREDD*, *V FOR VENDETTA*, and *TANK GIRL*, the first great milestone in 22nd-century science fiction is here! Written, illustrated, and hand-lettered by British comics virtuoso Joe Palmer (*Time Before Time*), *DESTINATION KILL* is powered by the thrum of a million gigawatts of nonstop visual firepower . . . as rendered by one of the most incendiary visual storytellers in comics today.

The year is 2125, and the all-powerful corporation Overcon uses its robot workers to pour our drinks and dispense our meds, all while rebuilding London's Central City into a hyper-modern megalopolis bolted together in its own image. But as Overcon prepares to celebrate the first year of its Paradise Loop—a superfast transatlantic train that connects the Central City to New York in just 60 minutes—an unwieldy army of displaced human workers floods the streets with weapons, plotting an attack at the anniversary gala. Enter: Gina Serene, a stressed-out, pill-popping police detective in desperate need of a vacation, and her ex-partner turned P.I., Lance Wingman—who are now the only thing standing between Overcon's skyscraper-sized fist and the worker uprising that threatens to bring Britain's capital crashing down around them.

Deep in an ancient forest, young Taru feels like a misfit among her tribe of hunter-warriors. As she tries to make her mark in the adult world, she finds herself marginalized as much for her naïveté as for her radical ideas, which are dismissed by her mother and peers as nonsense. She is responsible for watching a prisoner—Hana, a young human with a mysterious past who has been captured by Taru's own tribe. Hana provides Taru with both solace and an opportunity to find her own way. When Taru's village is once again attacked by giant rampaging forest beasts, the unlikely pair will work together to try to understand the uncontrollable and deadly force that threatens them. What is causing the beasts to rampage? And how can they be stopped?

WRITER ZIDROU ARTIST/COVER FRANK PE

This sometimes dark—but always hopeful—adventure by renowned author Zidrou and celebrated gallery artist Frank Pe portrays a beautiful friendship between a boy and his beast with a magnificent adventure whose heart is the extraordinary friendship that can unite a child with an animal . . .

Captured in the heart of Palombia by Chahuta Indians and sold to exotic animal traffickers, a marsupilami lands in the port of Antwerp in the 1950s. Managing to escape, he arrives in the suburbs of Brussels and is taken in by François, a young boy who is a fan of animals and whose daily life is far from easy. François is picked on by the local kids, particularly because his father had been a German soldier, an unforgivable crime in those postwar years; a fact he and his mother cannot escape. Both are ostracized for their connection to past events.

The authors pay a superb tribute to the fabulous animal created by Franquin in the series *Spirou et Fantasio* while denouncing the mistreatment and trafficking of exotic animals.

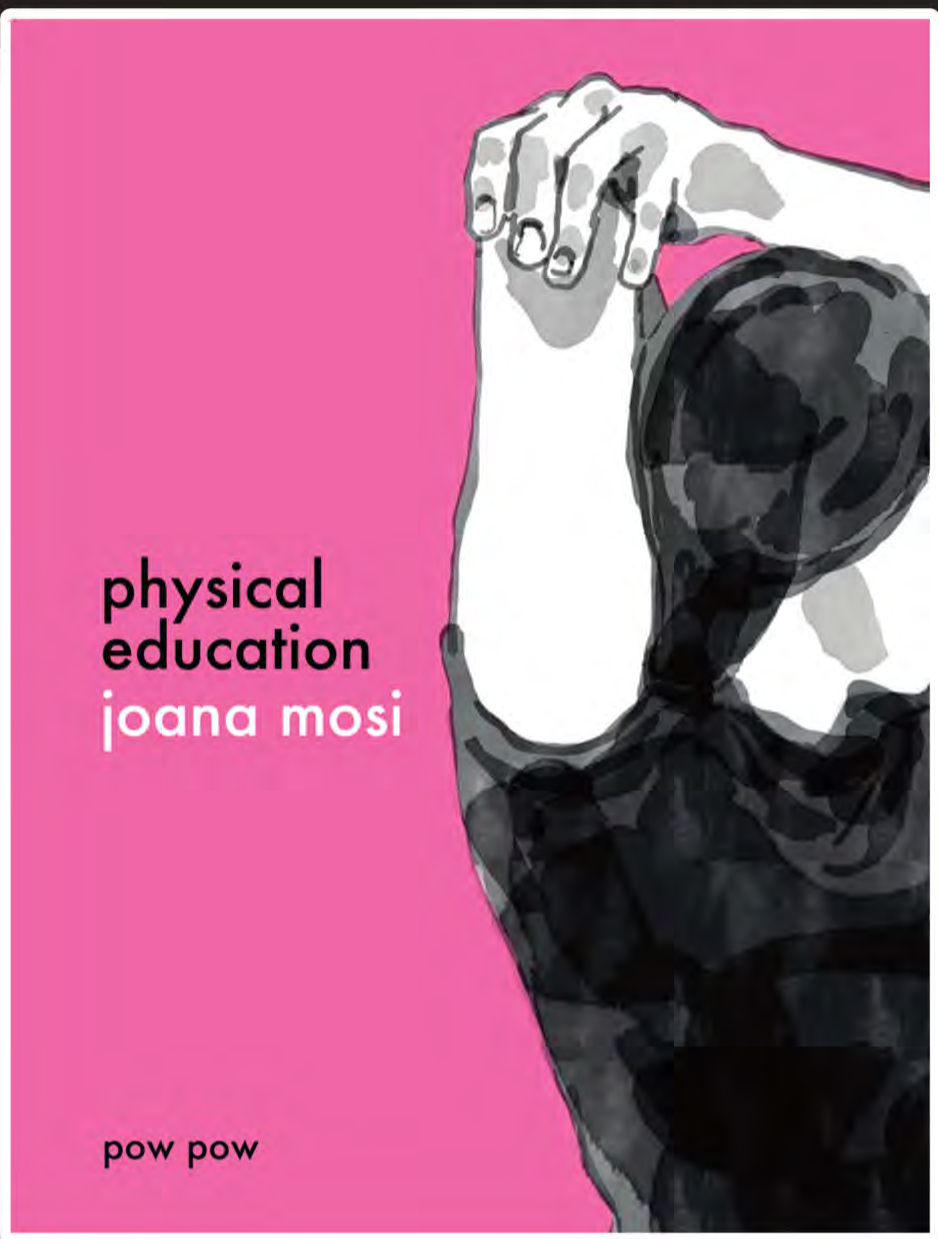
Physical Education
by Joana Mosi



"In *Physical Education* the **graphic novel is a vehicle for a work of art**, rather than a narrative, made up of s**mall everyday details as metaphors for something bigger**... It will be understood, above all, by the generations that fit into this **contemporary angst**."
—Susana Romana, *Observador*

Praise for Joana Mosi's debut graphic novel *The Mongoose*:

"One of the **best meditations on grief that I've read in a decade**, *The Mongoose*... is **transcendent**: sad, funny, smart, meaningful, and **with quiet, stunning emotional power**."
—The Comics Journal
(Best Comics of 2025)

"In the **conversation for best of the year**... darkly funny... and increasingly tender and sad. Mosi avoids easy answers, or grand epiphanies, and roots the story in the real."
—Comic Book Herald
(Top 10 Graphic Novels of 2025)

A portrait of creative stagnation, digital saturation, and the strange, sideways momentum of post-modern life from the award-winning author of *The Mongoose*.

Laura has just received a prestigious grant to write her debut novel, and everyone around her agrees that things seem to finally be falling into place for her. Instead, she finds herself increasingly numb and detached from reality—half-heartedly meeting up with friends at the gym, struggling to fulfil her role as a daughter, and managing an abstract relationship with a married man. Haunted by lingering memories of a toxic youth she can't escape, Laura is stuck in a strange limbo, unable to draw a cohesive plot for her life, her hopes, or her future.

Wry, elliptical, and intimate, ***Physical Education*** perfectly captures the quiet absurdities of the algorithmic age and the familiar ways in which we scroll, strive, sweat, and stall our way through the world. A smart, emotionally resonant work for readers of Jillian Tamaki's *Boundless* and *The Hard Tomorrow* by Eleanor Davis.

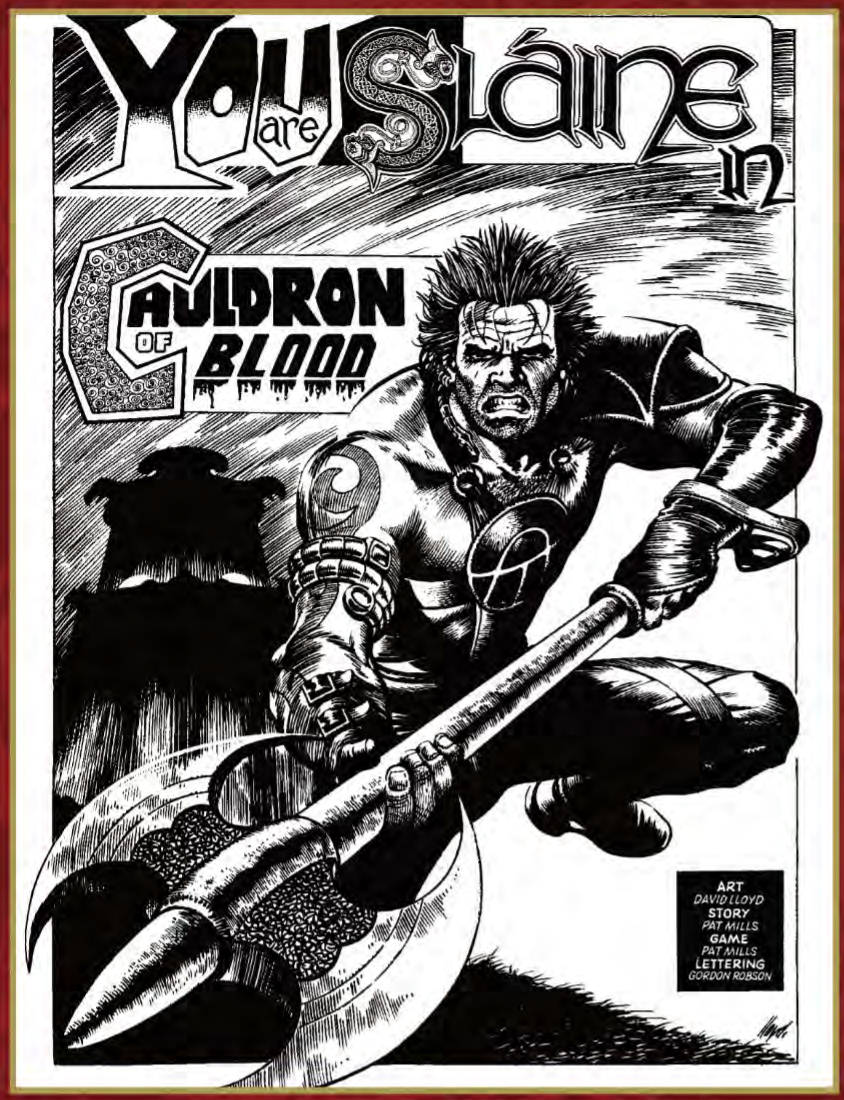
You are Slaine in The Cauldron of Blood



YOU are the legendary Warped Warrior – a Celtic Berserker who fights with the strength of ten men. YOU are about to begin a new and dangerous quest..

To steal the mystic CAULDRON OF BLOOD from the Tower of Glass.

The evil Drune Lord SLOUGH GRUNSGUL rules the Tower, which is guarded by hideous monsters like the MAGACH – the Beast with a Hundred Heads.

The cauldron is the source of Grunsgul's power.

You have with you on your quest...

Your dwarf UKko.
Your axe Brainbiter.
A fragment from the Book of Taliesin.

To succeed, you will need to **gain** Warp Points by killing monsters.

Warp Points are a combination of strength, intelligence and experience. Complete your warp rating and note it down on your score sheet.

SLAINE – Celtic Berserker : 16

Roll one die and add to above

WARP RATING ____

COMBAT

The monsters' warp ratings will be given in the story. The rules for fighting them are:

1) Roll two dice for yourself. Add **1** to the total because you're an expert with an axe.

2) Roll two dice for the monster. Add on any extra points indicated.

3) If **you** have the higher score, you have wounded the monster. Deduct the difference in your scores from the ***monster's*** warp rating.

4) If the ***monster*** has the higher score, he has wounded you. Deduct the difference in your scores from ***your*** warp rating.

5) Continue until the monster, or you, has no points left—e.g. is dead.

6) Add the monster's ***original*** warp rating to your own. This is your 'prize' for experience gained in fighting monsters.

You are now ready to begin your quest for the cauldron sought after by warriors since the beginning of time...

May the Earth Goddess go with you!

We continue this month's salute to one of comics' greatest creators, as **THE CRYPTOLOGIST** presents a wealth of dark imaginings from **NEAL ADAMS' DC HORROR COMICS,** Batman's 1970s encounters with the macabre (including several by **ADAMS**), surprising horror movie actors (including **HUMPHREY BOGART**), Spiderbaby's **BEVERLY WASHBURN** discusses her time in horror, and how spiders terrorized cinema screens, comic books and the pulps. Plus, more lurid paperback covers, your regular dose of B-movie horror masterpieces, and another selection from the **HAMMER FILM ARCHIVE!** If you enjoy the dark side, step on into the magazine for retro horror fans!

AMERICAN COMIC BOOK CHRONICLES: 1940-44 (New Printing)

by KURT F. MITCHELL with ROY THOMAS

HARDCOVER	$49.95	288 PAGES	FC	STD.
0825TM1171	Previously solicited			

The **AMERICAN COMIC BOOK CHRONICLES** series of FULL-COLOR HARDCOVERS documents every decade of comic book history from the 1940s to today! This volume spotlights the "Golden Age" of the comic book industry, covering the earliest adventures of Batman, Captain Marvel, Superman, and Wonder Woman; and America's entry into World War II was presaged by the arrival of **WILL EISNER**'s Uncle Sam, **HARRY SHORTEN** and **IRV NOVICK**'s The Shield, and **JOE SIMON** and **JACK KIRBY**'s Captain America. It also saw the debut of a fumbling red-haired high school student named Archie Andrews, but most of all, 1940-44 was the age of the "packagers" when studios headed by men like **HARRY A CHESLER, WILL EISNER,** and **JERRY IGER** churned out material for new comic book companies that published genres from funny animal stories to crime tales to jungle sagas to science-fiction adventures. Taken together, the **AMERICAN COMIC BOOK CHRONICLES** series forms a cohesive, linear overview of the entire landscape of comics history, sure to be an invaluable resource for ANY comic book enthusiast!

"MOOOO! Lord Momon cries out, ready for her meal. MOOOO! Baby sister cries out, miserable and cold. As a young teen, sweet Miki learns the bizarre truth about her family: for centuries, they have harnessed half-cow, half-human beasts known as “kudan” for their wealth and power. And soon, another shall be born. The hour approaches. Her mother moans in pain as the contractions begin. But all poor Miki can plead is MOTHER, PLEASE DON’T GIVE BIRTH TO A MONSTER! Published in 1988 at the end of the classic era of horror manga, MOTHER, PLEASE DON’T GIVE BIRTH TO A MONSTER is a revolting and zany tour de force by the incomparable Shirakawa Marina. The author’s last published graphic novel, this manga marks the ultimate elaboration of Shirakawa’s creepy, crackpot synthesis of Japanese history, legend, and the occult, as made famous in his cult favorite UFO MUSHROOM INVASION. Never before reprinted even in Japan, and with an essay about Shirakawa’s mysterious life and career, MOTHER, PLEASE DON’T GIVE BIRTH TO A MONSTER is the eighth volume of Smudge, a line of vintage horror and dark fantasy manga curated by award-winning historian Ryan Holmberg and published by Living the Line.

Ex Libris is finally available in a softcover edition, following the sold-out hardcover that quickly became a collector's item. This inventive graphic novel draws you into the story of a character trapped in a room with only a futon and a bookcase full of comics. As they read, hidden messages and mysterious threats emerge, blurring the line between fiction and reality. With its twisty, psychological narrative, Ex Libris is perfect for fans of meta-fiction, suspense, and smart, literary comics.

From acclaimed creator Matt Madden (99 Ways to Tell a Story), Ex Libris is a dazzling tribute to storytelling and the comics form itself. Inspired by literary legends like Borges, Cortázar, Nabokov, and Calvino, this book rewards every reading with new discoveries, making it a must-have for anyone who loves inventive, thought-provoking graphic novels.

SUMMARY

Relive Cypress Hill's legendary self-titled debut album with this original graphic novel, Tres Equis!

1991: XXX years ago, a trailblazing trio made music history blending East Coast hip-hop fundamentals with West Coast Chicano swagger to form a sound all their own. Before they became icons, Louis and Senen were just a couple teenage cholos from around the way, trying to stay out of trouble--Until a series of chance encounters with both sides of the law changed their paths forever. Tres Equis guest-stars Officer O'Malley, Sister Maggie, and many other classic Cypress characters.
