CREALITY

K2 Pro Combo

Pro. Power. On.

CFS for Multicolor | Smart Auto Leveling | Active Chamber Heating | 300 mm Cubed Build Volume | Dual AI Cameras

Top Five Reasons to Own K2 Pro Combo

Multicolor 3D Printing

4 × CFS for up to 16 colors

* Additional CFS units sold separately.

Pro-level 300 mm Volume

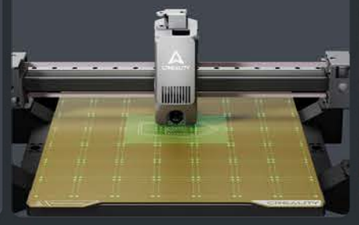
Producing larger or more models in one print

Active Chamber Heating

Tackle performance filaments like ABS and PPA-CF

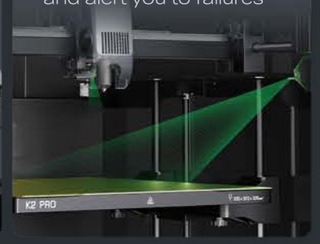
Smart Auto Leveling

Faster leveling with only the target print area



Dual AI Cameras

Auto adjust flow rate and alert you to failures



Specifications

Build Volume	Product Dimensions	Package Dimensions	Gross Weight
300 × 300 × 300 mm	445 × 505 × 850 mm	608 × 590 × 635 mm	37 kg

Printing Technology	Fused Deposition Modeling
Printing Speed	≤ 600 mm/s
Layer Height	0.05-0.3 mm
Compatible Filaments	1.75 mm PLA/PETG/PET/ABS/ASA/PLA-CF/PA-CF/PPA-CF
Nozzle Temperature	≤ 300℃
Hotbed Temperature	≤ 110℃
File Transfer	USB Drive/Ethernet/Wi-Fi
Air Purifier	Yes
Camera	2 × AI Camera
File Formats	G-code/3MF
Software	Creality Print, Creality Cloud
Rated Voltage	100-240V~ AC 50/60Hz
Rated Power	1300W
