BY THE TIME WE WERE DONE WITH THAT FIRST TWO-HOUR TRAINING, WE LOOKED LIKE WE WERE LAID DOWN AND BEATEN UP BY A PACK OF GORILLAS...
AND WE ALL LEARNED RIGHT AWAY THAT THERE IS NO PLEASANT PLACE IN A WRESTLING RING.
GRANNY WAS, OF COURSE, CONCERNED WHEN SHE SAW ME WALK IN ALL BEAT-UP...
JESUS, SON, ARE YOU OK?
LEMME TELL YOU, GRANNY, IT'S 100% REAL AND EVERYTHING HURTS...

"If you're a sucker for **high-octane spy flicks** like *James Bond* or *Jason Bourne*, you need to put this **book on your radar immediately** ...Writer Charles Ardai and artist Ang Hor Kheng have pieced together a massive, **blockbuster-scale espionage story** that caught me completely off guard."

Gun Honey creator, Charles Ardai, sits down with Titan's Bryce Walker to talk about Gun Honey Doubles Down and the brand new series, Killproof

BW: GUN HONEY DOUBLES DOWN marks Joanna Tan's fourth outing, and this title has really *doubled down* on the huge action scenes. What would you say your favorite moment over these four issues have been?

Charles: How to choose...? There are great moments in every issue! Whether it's the plunge down the stairwell in Issue 1, the truck chase in Issue 2, the naked fight on the frozen lake in Issue 3, or the motorcycle crash that opens Issue 4, you've got action galore. But I think my favorite moment isn't action, it's the big plot twist just before the final chapter that fans online said took them totally by surprise. I love pulling a big switcheroo that leaves readers gasping, and this story has a twist I'm really proud of.

BW: ONE OF THE MOST FUN THINGS about working on Gun Honey is the amount of covers on offer. What are your favorite covers? I loved the Nuno Pereira Homage cover for #2 personally, but also was a big fan of all four of the cosplay covers.

Charles: Nuno's Spider-Man homage is fantastic! But so many of them are: Artgerm and Adam Hughes showing how steamy snow can get; Yasmine's photorealistic water scenes; Derrick Chew and Tehani Farr and Nathan Lorenzana putting Joanna in leather. But I do want to echo the special shout-out you gave to cosplayer Tabitha Lyons, who's been our Joanna Tan model for years and always finds ways to top herself (even now when she's also shouldering the burden of helping a family member through a difficult illness). The trade paperback edition of DOUBLES DOWN includes a cover gallery with miniature images of all our covers, but Tabitha's four are reproduced full-size, a special treat at the end of each chapter.

BW: A NEW GUN HONEY SERIES, KILLPROOF was just announced at New York Comic Con. Is there any more you can tell us about this book?

Charles: The first GUN HONEY spinoff, HEAT SEEKER, was the story of Joanna's ex-girlfriend, Dahlia Racers, who helps people disappear when they've been marked for death. Dahlia's new girlfriend, Evie Parker, is a mercenary who can't feel pain or heat or cold or hunger or fatigue, and she heals instantly from any injury – that's what makes her "killproof." But what makes her so much fun to write, and a fan favorite among readers, is that this unstoppable professional killer is also a huge nerd: a comic book collector, a *Star Trek* fan, a total geek. Enough fans told us they loved Evie and wanted more of her that we decided to give her her own solo book. In KILLPROOF #1, Evie gets abducted by the richest man in the world, who wants her special abilities for himself. It's got more great action, more great covers, plus a kickass heroine who owns not just an arsenal but also a near-mint set of *MOON KNIGHT* #1-38. What more could a red-blooded comic book reader want?

STORY & ART
LUCIE BRYON

Once upon a time, there was a cemetery gardener who fell in love with a professional grave mourner, who looked like a ghost. Once upon a time, there was an art student who asked a young man to pose for her on New Year's Eve. Once upon a time, there were agents from the future sent to our present, to a small seaside town, to fix a temporal cat related paradox. They found themselves enjoying Italian ice cream while watching sunsets and no longer wanted to return to their dimension. And they ended up... who knows where. All beautiful things must come to an end, but if we must choose, let it be beautiful.

In HAPPY ENDINGS, the new hit graphic novel from LUCIE BRYON (*Thieves*), all stories are intwined. And they all end up with a smile.

Judge Dredd: The Cursed Earth

(22nd April 1978)

Judge Dredd's first epic was 'The Cursed Earth', a six-month odyssey and memorable early classic.

A deadly plague developed during the Great Germ War has reached Mega-City Two on the Californian West Coast. The spaceport is out of commission so the conurbation can only be reached by crossing the thousand miles of lethal radioactive wasteland known as the Cursed Earth. Dredd must deliver a lifesaving vaccine to the citizens of the disease-ridden city and enlists the help of some fellow Judges and a top biker; the punk perp, 'Spikes' Harvey Rotten. Rescuing the enigmatic alien, Tweak, from slavery, they motor their way towards almost certain death in the Killdozer vehicle. On the hellish journey they encounter mad muties; vampiric robots; Robert L. Booth, America's exiled last President; corrupt Las Vegas Judges and genetically engineered dinosaur Satanus.

Ultimately, Only Dredd and Tweak make it through to Mega-City Two with the precious vaccine in time. Separated from the alien, a battered, delirious Dredd crawls on his hands and knees to complete his mission. This is Dredd at his most heroic; unfailingly helping anyone in distress and never giving up on his quest.

The story was scripted by Pat Mills and drawn by Mick McMahon and Brian Bolland. John Wagner and Chris Lowder wrote some episodes to ease Mills' deadlines.

Lowder's 'Giants aren't Gentlemen'/'Soul Food' had Dr Gribben, whose creations are villainous versions of registered trademark characters, such as the Jolly Green Giant and Michelin Man, setting set them against Dredd's party.

The owners of Green Giant canned vegetables threatened IPC with legal action for impugning their mascot. In Prog 84, a 'Cursed Earth Supplement' retraction strip was hastily published.

Fiends of the Eastern Front

(16th February 1980)

In 1980, Inspector Brandt of the West Berlin Police investigates when a group of workmen uncover the remains of a Wehrmacht soldier in an underground cavern. Beside the skeleton is the journal of the infantryman, Hans Schmitt, which relates an unbelievable tale from World War II. Schmitt had been battling the Romanian Captain Constanza and his men, who were in fact, vampires – capable of undead tropes such as transforming into mist, wolves or bats and, of course, feasting on blood. The god-fearing Schmitt is determined to stop these unholy creatures who butchered his comrades when Romania switched sides during the conflict.

Hans manages to dispatch Constanza's hordes but is infected by a bite from Constanza. The brave soldier takes his own life with a pistol shot to the heart, averting his own transformation into a vampire.

Taking an interest in the case is a British military man stationed in Berlin, Colonel Grant. However, Grant is in fact revealed as Constanza, whom Brandt defeats by allowing sunlight into the cavern. Schmitt's sacrifice was not in vain, and he can now rest in peace.

This marvellous WWII/vampire mash-up (long before the phrase was coined, the **2000 AD** zeitgeist striking once again) was scripted by Gerry Finley-Day and drawn by Carlos Ezquerra – both of whom were regular contributors to **Battle**. Rare for **2000 AD** at the time, the story had no real sci-fi elements, focussing instead on horror and war. *Fiends* remained a one-off serial for a very long time, until it was revisited for the **Judge Dredd Megazine**'s *Stalingrad* saga in 2006. Constanza has also returned to the weekly Prog in recent years with an origin story and his involvement in various wars throughout history. Seems you can't keep a good vamp down.

Nemesis the Warlock

(25th July 1981)

After a couple of scene-setting short stories, 'Terror Tube' (Prog 167) and 'Killer Watt' (Progs 178-179), the astonishing dark fantasy epic of *Nemesis the Warlock* began proper in Prog 222, cover-dated July 25, 1981. Written by Pat Mills, it infused everything he wanted to say about politics, bigotry and religious zealotry in particular. Visualised by fellow ex-staffer Kevin O'Neill, the world-building – universe-building – here is staggering. This nightmarish vision of the future was akin to the works of Hieronymus Bosch.

Far in the future, Earth is known as Termight, and humanity cowers underground in the depths of the planet. They live in fear of aliens but also of their ruler, Grand Master Tomas de Torquemada. Driven by his insane hatred of all extra-terrestrials, Torquemada is determined to cleanse the galaxy of alien life.

> **"In Torquemada's eyes, Nemesis is the 'arch-deviant' – who must be stopped at all costs."**

Rogue Trooper

(5th September 1981)

In 1981, a readers' survey showed the clear demand for a new future war story – there had not been such a strip since *The V.C.'s* had ended its run the previous August. Editor Steve MacManus invited pitches from writer Gerry Finley-Day and artist Dave Gibbons, who had worked together on *Dan Dare*. They developed a scenario involving a lone soldier fighting his own battle on a bleak, war-torn planet.

Nu Earth is a poisonous wasteland, shrouded in deadly chem-clouds. The planet is close to a Black Hole which provides limitless interstellar gateways across the cosmos, making it a strategically vital prize in the decades-old conflict between humanity's Norts and Southers.

Souther scientists have developed a top-secret race of elite clone warriors, immune to all toxins and engineered to breathe the lethal Nu Earth atmosphere. Bizarrely, these test-tube-born killing machines have blue skin and iris-less, white slits for eyes. These Genetic Infantrymen (GIs) are the key to a decisive victory over the Norts.

However, the GIs are betrayed by a Traitor General, identity unknown – wiped out in the Quartz Zone massacre, butchered as they made planetfall. All except one. Rogue Trooper has vowed to hunt down the Traitor and bring him to justice. Classified as a deserter by his superiors at orbiting Milli-Com headquarters, he is assisted by the digital souls of three of his fallen comrades. Helm, Gunnar and Bagman's biochips are housed in the corresponding equipment slots of Rogue's helmet, rifle and backpack. At the moment of death, a GI's personality is encoded onto a biochip which must be surgically removed within sixty seconds – and the chip can be uploaded to a new clone body back at base. A GI's abilities and training are too valuable to lose.

Rogue Trooper's mission began in Prog 228 (September 5, 1981), making an immediate impression with readers, quickly becoming second in popularity to *Judge Dredd*.

... AND YOU FELL FARTHEST OF ALL, MY LORD BISHOP.
I GAVE UP THE CLOTH AND ITS LIES A LONG TIME AGO.
SET ME AFLAME IF YOU MUST. JUST GIVE ME RELEASE FROM YOUR PIOUS PRATTLE!
HOW DID THIS COME TO BE?
YOU WERE A PARAGON! YOU GAVE UP YOUR OWN DAUGHTER AND HER HUSBAND TO THE FIRES OF HOLY JUSTICE.
NOW LOOK AT YOU! A WRETCHED, GREY RAG OF A MAN, BROUGHT LOW BY THE SAME BLASPHEMY THAT CONDEMNED YOUR CHILD!
NO. BY THE TRUTH! IF I'D ONLY HAD THE WIT TO SEE IT FOR WHAT IT WAS, SHE MIGHT BE WITH ME STILL.
ONLY TO TAKE HER PLACE NEXT TO YOU UPON THE PYRE, OLD FRIEND.
SABIN, FOR PITY'S SAKE! HOW LONG CAN YOU CLING TO THIS DELUSION?
I WAS LIKE YOU — I DID AS THE COG COMMANDED — BUT THE ICE STILL CAME. OUR PEOPLE FREEZE AND STARVE BY THE MILLION.
PRAYERS AND PERSECUTION CANNOT HOLD THE INEVITABLE AT BAY. THERE MUST BE ANOTHER WAY!
FAITH! FAITH IS THE ONLY WAY!
YOU FORGET. I'VE READ THE SCROLLS IN THE DEEP ARCHIVE. OUR FOREBEARS CHARTED THE SLOWING OF THE SUN CENTURIES AGO.
THEN WAS THE TIME TO HAVE DONE SOMETHING. BUT THE ORTHODOXY IGNORED THE EVIDENCE, DESTROYED ALL THE LENSES, SO NO ONE ELSE COULD DISCOVER THE TRUTH FOR THEMSELVES.
BLASPHEMY!

YOU CAN SAVE OUR PEOPLE INSTEAD OF DROWNING THEM IN DOGMA-
I AM SAVING THEM! THEY WORSHIP ME!
SO, HONESTY AT LAST.
YOU'RE FEEDING YOUR EGO WITH THEIR FEAR. THEY'RE LOOKING TO YOU FOR SALVATION BUT THERE'S NOTHING AWAITING THEM EXCEPT A SLOW, COLD DEATH.
YOU'RE NO FOOL CADWALLADER. YOU LET YOURSELF BE CAPTURED, I KNOW THAT. THERE'S METHOD IN YOUR MADNESS, BUT TO WHAT END...
WHERE IS THE OBJECT YOU STOLE FROM THE RELIQUARY? WHERE IS YOUR GRAND-DAUGHTER?
PTTUHH!
KEEP YOUR OWN COUNSEL. THEN. IT'S OF LITTLE MATTER, FOR BY THE END OF THE DAY, I GUARANTEE SHE WILL HAVE COME TO ME!

"THERE'S QUITE A CROWD. PERHAPS WE SHOULD HAVE SOLD TICKETS!"
NOT SO MERCENARY, SPEAKER EUSABIUS. THE FIRE FUELS THE FAITH, ESPECIALLY WHEN WE HAVE SO AUSPICIOUS A VILLAIN TO FEED THE FLAMES.
HOW IS IT HE'S EVADED SUCH A FATE UNTIL NOW? SURELY RENOUNCING THE CLOTH WOULD HAVE BEEN SUSPICIOUS IN ITSELF?
FOR ANY OTHER, YES, BUT CADWALLADER... THE BISHOP WAS A NEAR LEGEND WHEN HE CHOSE TO STEP DOWN TO RAISE HIS INFANT GRAND-DAUGHTER.
THERE WAS MUCH LAMENTATION — HE WAS DESTINED TO BE THE NEXT ARCHIMANDRITE — BUT I CONVINCED THE QUORUM HE'D RIGHTLY EARNED SUCH A DISPENSATION.
LITTLE DID WE REALISE HE WAS HAVING DOUBTS OR THAT HE'D STOLEN HOLY RELICS AND REPLACED THEM WITH COPIES.
HE HAS BEEN PLAYING A LONG GAME. EVEN THIS, HIS DEATH IS SOMEHOW BY HIS OWN DESIGN.
HE PLANNED FOR THIS... BUT THE QUESTION IS, TO WHAT END?
YES?
ALL IS READY, MY LORD.
YOUR MEN ARE WATCHING THE CROWD FOR THE GIRL?
YES, SIR. BUT WITH RESPECT, HOW CAN YOU BE SURE SHE'S HERE?
BURN THE HERETIC...

'... SET A FIRE TO HIS FLESH AND SHE WILL SURELY SHOW HERSELF.'
MUCH OBLIGED, SON. I WAS STARTING TO GET A BIT NIPPY.
MAKE LIGHT WHILE YOU CAN, OLD MAN. YOUR SCREAMS WILL COME SOON ENOUGH.
I RECOGNISE YOU! YOU CAME TO MY HOME. YOU'RE THE ONE WHO PUNCHES LIKE A PAINTED EUNUCH.
I OFFERED YOU A DRINK, REMEMBER?
ENOUGH OF THIS!
SCREAM NOW.

FORSAKEN
I guess those people who know what's going on around them can pinpoint the moment that their life changed forever. They can look at a memory of a year, a month, a week, a day and say, "And that's when my life changed forever." Even when the moment is the tiniest thing that happens, some people think that's the exact point when they had a turn for the worst or better.
I'm not really one of those people.
Because I never knew that on that day, I would forsake everything in my life that I once took for granted. For the last time as I look out the large bay windows of this flat that once belonged to my grandmother that I now shared with my sister on Camden Town, that quirky part of London with its modern cultural, shopping and alternative music scene. The very things that had drawn Irsha and persuaded me, there was a melancholy rising like a wave that washed over me, I gripped the phone in my hand with fresh determination. I've dropped out of university for a year now, screwed my friendships, my grades, my boyfriend…I was everything before last year.
I am going to start with the pretty, cheer captain, who had escaped the fire at the pop up underground club, because she survived. 20 others weren't so lucky.

THE CRISIS COMPANION

From Flash of Two Worlds to Infinite Earths and beyond, by KEVIN MILLER

In 1985, **DC COMICS** launched the most ambitious crossover event in comics history: **CRISIS ON INFINITE EARTHS**. Four decades later, filmmaker and lifelong comic book fan **KEVIN MILLER** unpacks the tangled web of continuity, creators, and corporate pressures that gave rise to this multiverse-shattering epic. **THE CRISIS COMPANION** is both a personal love letter to the series and a deep dive into its history, from the classic 1961 Gardner Fox "Flash of Two Worlds" story that introduced the concept of multiple Earths, through the annual **JUSTICE LEAGUE/JUSTICE SOCIETY TEAM-UPS** that led to the complicated DC continuity that Crisis aimed to fix. This book features original interviews with **MARV WOLFMAN, PAUL LEVITZ, JERRY ORDWAY, BOB GREENBERGER, MIKE DECARLO, PETER SANDERSON, ROY THOMAS, CARY BATES, DAN JURGENS, MIKE GOLD,** and others who helped shape the series and the DC Universe itself. It explores how *Crisis* transformed our perception of comics continuity, redefined superhero storytelling, and introduced the multiverse concept to mainstream culture. This richly layered volume includes a full-color gallery, and a detailed, issue-by-issue commentary and examines the event's far-reaching consequences, from the rise of endless reboots to the dominance of event-driven publishing. Whether you're a casual fan or a full-fledged "Crisisologist," this is the definitive companion to one of the most influential comic book series ever published!

ALL NEW! ALL GRUE! It's the long-awaited sequel to author/designer **MARK VOGER**'s Rondo Award-winning book *Monster Mash: The Creepy, Kooky Monster Craze in America 1957-1972*, which redefined Monster Kid fandom with a visually immersive graphic approach. It features interviews with filmmakers such as **RAY HARRYHAUSEN** (20 Million Miles to Earth), **ROGER CORMAN** (The Pit and the Pendulum), and stars like **GLORIA STUART** (The Invisible Man), **RICOU BROWNING** (Creature From the Black Lagoon), **HARUO NAKAJIMA** (Godzilla), **JONATHAN HAZE** (Little Shop of Horrors), **HAZEL COURT** (Curse of Frankenstein), **KATHRYN LEIGH SCOTT** (House of Dark Shadows), **ROBERT QUARRY** (Count Yorga, Vampire) and many others. AMERICAN COMIC BOOK CHRONICLES: 1940-44 (New Printing)

The **AMERICAN COMIC BOOK CHRONICLES** series of FULL-COLOR HARDCOVERS documents every decade of comic book history from the 1940s to today! This volume spotlights the "Golden Age" of the comic book industry, covering the earliest adventures of Batman, Captain Marvel, Superman, and Wonder Woman; and America's entry into World War II was presaged by the arrival of **WILL EISNER**'s Uncle Sam, **HARRY SHORTEN** and **IRV NOVICK**'s The Shield, and **JOE SIMON** and **JACK KIRBY**'s Captain America. It also saw the debut of a fumbling red-haired high school student named Archie Andrews, but most of all, 1940-44 was the age of the "packagers" when studios headed by men like **HARRY A CHESLER, WILL EISNER,** and **JERRY IGER** churned out material for new comic book companies that published genres from funny animal stories to crime tales to jungle sagas to science-fiction adventures. Taken together, the **AMERICAN COMIC BOOK CHRONICLES** series forms a cohesive, linear overview of the entire landscape of comics history, sure to be an invaluable resource for ANY comic book enthusiast!

Dagger Dagger is a pulpy anthology magazine size (8x10) comic book with over 260 pages of Dark Fantasy-Sci-fi goodness bringing together an unstoppable force of creators, including Al Gofa (Dark Angels of Darkness), Matt Emmons(Gardener), Maxime Gérin (Ensemble), Linnea Staerte (Stages of Rot), Sloan Leong (Prism Stalker), Matt Lesniewski (Crimson Flower), Tyler Landry (Shit and Piss), Leslie Hung (Snotgirl), Simon Roy (Habitat), Artyom Trakhanov (First Knife), Alexis Ziritt (Space Riders), Zé Burnay (Andromeda) and Marie Enger (Invader Zim) and also featuring Sophie Margolin, Goran Gligovic and Artem Dumov.

Why Dagger Dagger? Because single dagger fights are out of fashion; we've seen them again and again, and while they've inspired us, it's now time to fight with two daggers, for double the blood! Dagger Dagger is the first and best Blood-Fi Anthology you will ever come across.

We proudly dedicate this collection of Sci-Fantasy short comics to the greats of the genre and their readers, to whom we hope to deliver something exciting. Put your weapons down for a second and let us tell you a few stories...
