Experienced mass at an amusement park with different bishops and clergy of the different Dioceses and listened to a beautiful homily by Fr. Edwin Leonard, who taught us the beauty of the Lord's miracles in unexpected moments and to continue to share the word through prayer and invitation. The leaders interacted with other groups in the lines of the rollercoasters and continued to expand their faith outside of St. Augustine to bring back and share with the youth group.

- **Franciscan Camino Pilgrimage from SAC to OLA (October 24)**
  Several young adults participated in the Franciscan Camino to Our Lady of the Angels (OLA), serving as committee members, group leaders, and dedicated pilgrims. While the 8.5-mile journey was no small feat, the trek offered a profound reflection on the early Franciscan friars who walked hundreds, sometimes thousands, of miles to share the Gospel. Beyond the physical challenge, the Camino served as a meaningful opportunity to forge deeper bonds with fellow parishioners, share in reflection along the way, and joyfully celebrate together upon arriving at OLA.
