Plowing

Winter is approaching, bringing snowplowing and sidewalk clearing. Please allow space for this work when snowfall is anticipated: Park cars in the middle or back row of the lot, leaving the front row by the sidewalk open for plowing. Once the lot is plowed, you are welcome to park as usual. If you do not go out first thing in the morning to move your car, then please don't park in the front row the night before when snow is falling or anticipated. Please be courteous when clearing off your car: brush off the snow so that it does not fall onto the sidewalks. If you will be away please make arrangements for a trusted neighbor or friend to move your car each time.

HEAP Program

The regular HEAP program opens Nov 2nd for this winter. Visit www.ny.gov for more information.
