¿SABÍA QUE?

¿Qué es la explotación en línea?

La explotación en línea consiste en el uso de Internet o de la tecnología digital para explotar sexualmente a menores o a adultos vulnerables. Aunque esto puede ocurrir de muchas formas, entre los ejemplos más habituales se encuentran el "grooming", coaccionar a la víctima para que comparta imágenes explícitas, o preparación para contacto presencial. Los depredadores utilizan las redes sociales, las plataformas de videojuegos, las transmisiones en directo e incluso las comunidades en línea para identificar y aislar a sus víctimas. La explotación en línea de un menor siempre constituye una forma de maltrato infantil, aunque no se produzca ningún tipo de agresión física. Para más información lea el artículo de VIRTUS® "La explotación en línea: ¿qué es y qué podemos hacer al respecto?" (Online Exploitation: What is it and what can we do?) en lacatholics.org/did-you-know.

DID YOU KNOW?

What is online exploitation?

Online exploitation is the use of the internet or digital technology to sexually exploit children or vulnerable adults. While this can happen in many ways, the most common examples include grooming, coercing a victim into sharing explicit images, or building up to meeting in person. Predators use social media, gaming platforms, livestreams, and even online communities to identify and isolate victims. Online exploitation against a minor is always a form of child abuse, even if nothing physical occurs. For more information, read the VIRTUS® article "Online Exploitation: What is it and what can we do?" at lacatholics.org/did-you-know.

Honoring all who served.
