Dear Praying Partners,

I hope this letter finds you well and in good health. Fall has arrived, and with it has come the colder weather. Our family has had a difficult time adjusting to the change in seasons, and we have had quite a bit of sickness in our home over the past month. Malachi and Curtis both came down with pink eye, and Asher got sick with scarlet fever (please pray for him, as he is still recovering). It has been challenging trying to navigate the healthcare system here, but through it all, I just want to say, "Thank You, Lord!" He has helped us get paperwork approved and appointments scheduled, and we are thankful for His continued help.

Even with the boys feeling under the weather over the last few weeks, we have still had quite a bit going on and have managed to stay busy. In September, we had to make a trip up to the city of Bistrița. We have had some obstacles with the government getting the association established as a religious organization. Although though we had submitted all the required paperwork, we still had to drive up to the city where the association was originally founded to have our request legally approved by that city. It was a bit frustrating to drive around six hours one way just to wait ten minutes for a stamp, but sometimes that is the way things work here. I am thankful that we had no issues getting it approved. We are now waiting for the next step in the paperwork process so that we can hopefully have the association officially accepted by the Ministry of Cults here in Romania. For those wondering the Ministry of Cults is the legal entity that all religious associations and denominations are registered through.

One thing we are especially thankful for is that, in September, we were able to meet another missionary family who recently moved to Romania. We had them over for dinner and enjoyed a wonderful time of fellowship. What an encouragement it is to see that the Lord is calling others to serve Him here in Romania!

At the beginning of October, our church held a family camp for the weekend. We were able to spend quality time with the families of the church, and our boys got to play with several of their friends. This was also a great opportunity for us to practice using our Romanian, as many people at the church speak little to no English. It was a wonderful time of worship, praise, fellowship, encouragement, and prayer together as a church.

One thing that has become a regular part of my weekly routine is visiting the children's hospital and going to the village of Budila. I know I have mentioned these ministries in past letters, but please continue to pray for the opportunities the Lord is providing through them. There are so many families who need the Lord. I am praying that the Lord will prepare the hearts of the families I come in contact with and that they will be open to hearing the Gospel.

As I close this letter, I do want to end on an exciting note! The Lord has blessed our family, and we are growing! Emily is currently 11 weeks pregnant, and we are expecting Baby White to arrive in May 2027. We ask that you would please pray for Emily and the baby, specifically for a healthy pregnancy and for wisdom as we continue to navigate Emily's prenatal care here in Romania.

We love you all so much and are incredibly thankful for your prayers and support!
