CREMATION OPTIONS

The Simplicity Difference . . .

What makes Simplicity Cremation Centers unique when it comes to cremation services?

Higher Standards: Our family philosophy is to set standards that exceed the State requirements and those of other cremation providers. We require all of our families to provide a recent color photograph for a positive means of identification of your loved one.

Our Crematory and Our Care: We own and operate our own crematory at our sister facility for the exclusive use of the families we serve. Once your loved one is in our care, they remain in the sanctity of our facility until the urn is returned to the family or delivered to the service location.

Direct Cremation \$905 to \$3,095

Includes adjusted administrative and professional services of the funeral director and staff, use of our crematory for cremation, and processing of the cremated remains. If you want to arrange a direct cremation, you can use an alternative container.

Alternative containers encase the body and can be made of materials like fiberboard, or composite materials (with or without an outside covering). The containers we provide are cardboard and fiberboard. All merchandise must meet crematory requirements.
