

LOVE & BLOSSOMS

STYLE: Botanical Infusion

AROMA & FLAVOR: A spice filled nose, savory, herbaceous. Crisp acidity to carry the gentle florality around the pallet. Short clean finish with final notes of cumin, earthy grounding and a rounding edge of apple.

APPLE & FRUIT VARIETIES: Fermented on the farm with a select blend of Certified Organic Washington apples .

CIDERMAKER NOTES: This infusion is a delight of blossoms. To start off, we harvested a full row of nasturtium blossoms to melt into the cider and then, once the Nigella seeds matured, we infused the seeds into the cider to bring out a "full of flower" power. The combination is both floral and savory, not too sweet so you can taste the nasturtium. Big thanks to Essential Blooms for the agriculture and willingness to grow special flowers just for us.

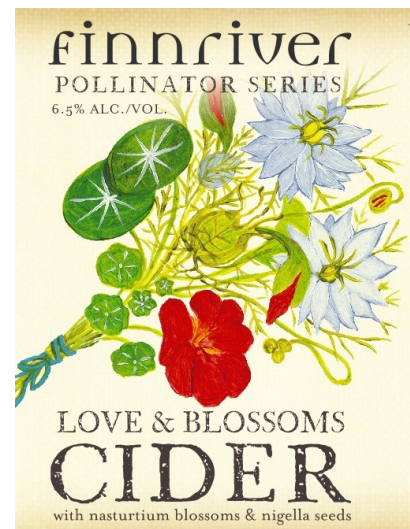

SERVING SUGGESTIONS: With crisp savory notes this cider is a perfect match to Moroccan tagine, falafel sandwiches with cucumber, lemon and herb rich middle eastern dishes like kebab and fattoush. Wonderful with pesto from many herbs like parsley and cilantro- so then pastas and dips and tapenades.

SWEETNESS: 1.002 dry

ALCOHOL PERCENTAGE: 6.5% abv

BOTTLE VOLUME: 500 ml. (16.9 oz.)

ARTWORK: Tassie Ryland

We love to ferment cider and pollinate ideas at Finnriver! One of our core values is collaboration and we're grateful to share land with farmers and organizations doing organic agriculture, education, and research. Our Pollinator Cider series celebrates these partnerships and our shared commitment to reconnect people to the land that sustains us.

This cider features organic nasturtium blossoms and nigella seeds grown by Essential Blooms, an organic floral venture that grows and sells unique, unusual and sometimes forgotten flowers to celebrate and share the historic and future importance of flowers to the planet and our communities. View the Essential Blooms fields in bloom at Finnriver during the summer! Learn more about them at: essentialblooms.com

Enjoy this cider and may your heart bloom & grow!

Made with a select blend of Pacific Northwest organic apples, organic nasturtium blossoms, organic nigella seeds and organic cane sugar.

Made without gluten ingredients.
