2027 NZ Price List: (current to 31st December 2027)

Pepi-Pod® Programme and components

Understanding costs: Costings for Pepi-Pod® sleep spaces and components include education, monitoring and development that make up the complete programme. 2027 prices reflect the impact of rising costs for materials, freight, energy, salaries, compliance, currency changes and more, that are passed to us by suppliers. As well, cost-cutting in health has reduced economy-of-scale benefits that helps to keep prices down.
