Logistics Manager

About the Team:

Morrall Companies has an exceptional office staff that goes above and beyond for every customer. This team works hard to ensure each customer is satisfied, cultivates strong partnerships with suppliers, and maintains strong relationships with our vendors. Each member of this team wears many hats within their job responsibilities. Team members are cross-functional between departments and are flexible to customer needs. This team understands that kindness and courtesy are at the root of a positive customer service experience.

About the Company:

Morrall Companies, an independently owned LLC., was founded in 1963 as a family business serving the local farm community. Since that time, our organization has grown into several business groups that offer solutions to every need. In addition to retail operations serving our country's farmers, Morrall Companies offers manufacturing, packaging, and wholesale distribution of a wide range of agriculture products, and beyond. Today, Morrall is one of the country's largest formulators and manufactures of liquid fertilizer serving farmers and professionals in the agricultural and lawn/garden industries. Additionally, we formulate and package a wide variety of liquid and dry products. We take pride in our knowledge of the products we manufacture, package, and distribute, as well as our ability to provide our customers with the highest levels of service. Our products reach retail, wholesale, professional, and industrial markets and can be found anywhere from local fertilizer dealer's warehouse to the shelves of national and international retailers.
