REACH OF CHILDREN

1 U.S. Gallon (3.8 L)
Net Weight 8.8 Lbs. (4.0 kg)

Rear label

DIRECTIONS FOR APPLICATION

Mix 8 ounces of Pene-Turf® with water to uniformly cover 1 acre (43,560 sq. ft.). The amount of water to be mixed with Pene-Turf® will vary with the type of spraying equipment used. For best results, apply Pene-Turf® two to three times annually, with the exception of heavy traffic turf such as fairways, tees, athletic fields, etc., where four applications are recommended. Pene-Turf® may be applied via a spray irrigation system fitted with metering pump.

Compatibility: Pene-Turf® is compatible with most fertilizers, insecticides, fungicides, and herbicides. If the label on other chemicals states, "Do not use a surfactant", do not use with Pene-Turf®. A compatibility test should be conducted prior to tank mixing.

NON-PLANT FOOD INGREDIENT

ACTIVE INGREDIENT(s):

Proprietary formulation
Ammonium Laureth Sulfate..48%

Inert Ingredient(s):

Organic Humectant	....26%
Water	.....23%
Silicone Defoamer	.....2%
