Facebook event link: https://www.facebook.com/share/1M7j7D6v8d/
Anyone can comment, but only hosts can post- cuts down on spammers and bots. Please watch for those "we still have vendor space" comments and let Christie or host know so we can get those deleted asap too. **Please check that your org FB page has accepted the invite to be a host.**
Share event link on your personal/art pages as well.
Keep consistent branding if you can so that people see the same logo everywhere and associate it with the same event/us.
Sending separate email with flier for those interested in printing and posting in person.

We are encouraged to put out **a sign at Manor House** for Heralding weekend since events are concurrent and close vicinity. (Checking where signs from last year went. Working with Lisa to get this in motion.)

Joe's request for volunteers:
Dec 2 or 3: place **solar lights** around Village.
Dec 3 or 4: place **rope lighting** and **snowpeeps** to conference center
He has not specified a time, since he is flexible and wants volunteers to tell him when they are available to help. If this is too loose, he prefers days and would like to have it all done by Dec 3rd at 4pm.

Studio/Gallery/Clubhouse decorations and lights can be put out any time now. Might as well take advantage of the nice weather!
