

## **LEGO® Original Build Competition**

- Use your own Lego®, Duplo, Megablocks or other LEGO® compatible plastic bricks.
- **Entries must be your own creation**, not a LEGO® designed kit, project found online, in a magazine, etc. You must build something completely from scratch from your own imagination.
- Creation must be built by the entrant alone – no substantial help from older siblings, parents, etc.
- In the interest of fairness, please do not enter an off-the-shelf piece, unless it has been modified to add functionality, or has been significantly changed to form part of an original design.
- There is no limit to how many Lego building bricks you can use. Use as many as you would like.
- Creations entered into the contest may be of LEGO® brand bricks or similar modular building toys such as Technic® Beams, Mindstorm®, DUPLO®, Megablocks®, or Tyco® bricks. Not acceptable building toys include Knex, Erector Sets, Transformers, or variants thereof.
- We recommend (but do not require) using some kind of base plate under your creation to make it easier to transport.
- Entry categories are: Grades 4K-4, Grades 5-8, Grades 9-12, and Adult
- **One entry per person.**
- Your creation must fit within a space of 24 by 24 inches. Your completed project may be no more than 24 inches tall.
- Include a label/sign that explains the idea/inspiration for your creation to help the judges make their determinations.
