MSI Recreation Program

Request for Exemption to Play Up Two Grade Levels

Players participating in MSI's Recreation Program are permitted to play up ONE grade level without prior approval. To request an exemption to play up MORE THAN ONE grade level, this form must be completed and submitted for review.

Player Information

Player's Full Name:	
Date of Birth:	
Season Requested:	
Grade Level (Upcoming School Year):	
Requested Grade Level to Play In:	

Parent/Guardian Request and Acknowledgement

Although my child currently qualifies to play in the _____ grade level (based on their upcoming school year), I request that MSI permit my child to participate in the _____ grade level.

I understand that this placement is more than one grade level above my child's eligibility, and acknowledge that:

- Soccer is a physical sport with inherent risks of injury.
- These risks may increase due to the physical, cognitive, and emotional differences between players in the requested division and my child's current age group.

Despite these risks, I request an exemption from MSI's policies prohibiting players from playing up two grade levels. I agree to hold MSI harmless with respect to any claims relating to this request.
