Technical specifications and requirements

Act name:	The Dustbusters
Act description:	A walkabout act performed by two to three performers. The act contains clowning, verbal and physical comedy routines using a mixture of cleaning equipment as props, including dusters and brooms. Members of the public may be invited to use cleaning equipment as part of the interaction. The act is accompanied by recorded music played through portable battery powered speakers
Act performance style:	Walkabout/roaming
Act performance time/duration options:	One of the following performance formats: 4 x 20 mins per day 3 x 30 mins per day 2 x 45 mins per day Minimum of 30 minutes break required between performance sets
Get in time:	60 minutes minimum
Get out time:	60 minutes minimum
Performance area:	• No specific height or width clearance required • Indoors or outdoors • A wide, unobstructed, pedestrianised area with high footfall is preferred. Ideally away from live music and staged performance
Surface and access:	• Firm, level ground. Hard standing preferred. Please advise in advance of steps, steep gradients or soft ground.
Adverse weather:	• The act has provision for light rain, using translucent rain macs • The act cannot be performed outside in thunderstorms, constant high winds or heavy rain • Decisions to delay, change or cancel performances will be taken with the organiser where appropriate. Please consider adverse weather contingencies.
Sound:	• Low level recorded music from portable battery powered speakers. No amplification or sound provision required from the event. Volume can be adjusted on request.
Power:	• No power required.
Changing area requirements:	• Secure changing area near the performance site • Easy access to water and toilet facilities • Two chairs and one table
Loading/unloading:	• We will need to unload and load the van near the changing area.
Parking requirements:	• Parking space for 1 vehicle near performance area and changing area (provide by event).
People travelling:	• 2 - 3, depending on the booking.
Feasible Ferret contact on day of event:	• To be confirmed upon confirmation of act programming.
