Technical specifications and requirements

Act name:	The Prickly Pair
Act description:	A walkabout act performed by two performers in full body cactus costumes. The act contains clowning, verbal and physical comedy routines, and is built on conversational interaction with members of the public. No props are used. The act is accompanied by recorded music played through portable battery powered speakers.
Act performance style:	Walkabout/roaming
Act performance time/duration options:	One of the following performance formats: 4 x 20 mins per day 3 x 30 mins per day Minimum of 40 minutes break required between performance sets
Get in time:	60 minutes minimum
Get out time:	60 minutes minimum
Performance area:	• No specific height or width clearance required • Indoors or outdoors • A wide, unobstructed, pedestrianised area with high footfall is preferred. Ideally away from live music and staged performance
Surface and access:	• Firm, level ground. Hard standing preferred. Please advise in advance of steps, steep gradients or soft ground.
Adverse weather:	• The act cannot be performed outside in thunderstorms, constant high winds or heavy rain • Decisions to delay, change or cancel performances will be taken with the organiser where appropriate. Please consider adverse weather contingencies.
Performer welfare:	• Due to the weight and design of the costumes, performance sets may need to be adjusted in hot weather. A shaded area for breaks is required in warm conditions. We will discuss any changes with the organiser in advance or on the day.
Sound:	• Low level recorded music from portable battery powered speakers. No amplification or sound provision required from the event. Volume can be adjusted on request.
Power:	• No power required.
Changing area requirements:	• Secure changing area near the performance site • Easy access to water and toilet facilities • Two chairs and one table
Loading/unloading:	• We will need to unload and load the van near the changing area.
Parking requirements:	• Parking space for 1 vehicle near performance area and changing area (provide by event).
People travelling:	• 2
Feasible Ferret contact on day of event:	• To be confirmed upon confirmation of act programming.
