The King Has Come – Week 7 – November 22, 2026
“The King’s Watch”
Luke 21:34-38

1. In Luke 21:34-36, Jesus warns his followers to be on guard so that their minds aren't dulled by the things of life. What do you think it looks like for someone's faith to gradually become dulled? Have you seen this happen in your own life or in the lives of people around you?

2. In the message, we heard about carousing as enjoying the good things God made in ways that are detrimental (such as at the wrong time or in the wrong amount). What are some real examples of this? How might we recognize when we’ve crossed that line?

3. Jesus warns against drunkenness, which Pastor Todd expounded on with other things people use to numb their way through life. What are some things people lean on to avoid feeling or doing hard things? Are there any you personally struggle with? How might these stand between us and an enduring faith?

4. We talked about how the worries of life can be just as detracting to our faith as partying or numbing ourselves. What are some otherwise good or responsible things that can become unhealthy when we give them too much of our attention? What effects do these worries have on our trust in God and our prioritizing what matters most to him?

5. Todd ended with some challenges for our priorities and our prayer. Where does your faith fit into your priorities in life? How could you better have Jesus at the center? How are your prayer habits? What could you do to grow in it?
