UPLIVIN GAVO

2-IN-1 WALKER WHEELCHAIR

Walk as far as you like. Ride when you need a rest.

The UPLIVIN GAVO is a rollator that converts into an attendant-pushed wheelchair with a simple pin-in, pin-out system. Swivel the footrests round, flip the backrest over and move the handles back, and a carer can push you the rest of the way. It is certified to the ISO standards for both a rollator and a manually propelled wheelchair, and arrives fully assembled.

TWO MODES, ONE FRAME

Switch between walker and wheelchair in moments. Footrests swivel, the backrest flips and the handles move with a pull-pin.

MEETS BOTH STANDARDS

Certified by SGS to ISO 11199-2 (rollators) and ISO 7176-8 (manual wheelchairs), and reviewed by NovitaTech.

SMART HANDLES

Height adjustable, with a pull-pin angle adjustment that gives the person pushing more leverage in wheelchair mode.

BAG AND BACKREST INCLUDED

Stylish PU-leather bag and backrest. Lighter than leather, easy to wipe clean and free from animal products.

FOLDS WITH ONE PULL

Pull the strap in the middle of the seat and it folds to just 26.5 cm wide for the car boot.

AWARD-WINNING DESIGN

Winner of a 2026 European Product Design Award, with a hard-wearing oxidised finish on the aluminium frame.
