7th Grade WEEKLY Newsletter

WEEK OF: November 9-12

literacy

Students were assessed on their ability to analyze interactions between ideas, events, and individuals in informational text.

art

Each student made an armadillo ornament that will be displayed at the zoo.

Teacher note

The 7th grade students did a great job leading the Mass on Wednesday, and they also represented our school well during our field trip to see *Frozen* today.

I've challenged the students to read at least 80 minutes over this long weekend (20 minutes Thursday, Friday, Saturday, and Sunday). Please sign their mini reading log so that they can return it on Monday.
