7th Grade WEEKLY Newsletter

WEEK OF: October 19-23

literacy

This week, we got into our mini-unit about analyzing informational texts. Students practiced answering questions about interactions between individuals, events, and ideas in various passages and articles.

art

Students continued working on their Paper Chain Pixel Art. They "locked in" this week, so hopefully we will finish this project soon!

Teacher note

It was great to meet with you at conferences last week! Please feel free to email me with any questions or concerns.
We prayed an All-School Rosary today, and the 7th graders and their K5 buddies lead a decade of the rosary. Thank you for your donations to support Pope Leo's Missions!
