## Speaker Biography

**Lindsay Keeley, RN, BSc (Hons) Degree in Professional Nursing Studies  
Clinical Patient Safety & Quality Lead for the Association of Perioperative Practice (AfPP)**

Lindsay Keeley is the Clinical Patient Safety and Quality Lead for the Association for Perioperative Practice (AfPP). In her multifaceted role, she supports members through the Professional Advice Service (PAS), A Registered Nurse with over 43 years of experience, Lindsay has devoted much of her career to perioperative practice across the NHS and Independent sectors.

Her commitment to professional growth is evident in her extensive volunteer experience, including leadership roles within AfPP, the Royal College of Nursing (RCN), and international collaborations with the Friends of African Nursing. She actively contributes to key initiatives such as the Surgical Plume Alliance (SPA), Surgical Burns Action Group (SBAG), and member of the OneTogether collaboration contributing to the resources for over the last five years, all aimed at enhancing patient safety and reducing surgical site infections.
