HYBRID AND USE CASES

Starlink plus 5G: the best connection

We link your Starlink to a 5G router with a SIM. If one connection drops, the other takes over at once. Or the router spreads traffic across both.

Teltonika CAP700 as hybrid router

5G and Wi-Fi 7. Starlink on the 2.5 Gbps WAN port, the SIM in the router. Automatic failover and remote management. Router on request.
