STARLINK SATELLITE INTERNET

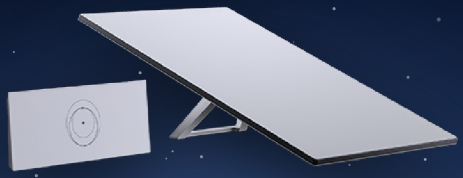
# Fast internet anywhere with Starlink

We supply Starlink with or without a business subscription, for business sites, vehicles and events, even without a fixed connection:

**With subscription**
hardware + subscription

**Without subscription**
hardware only

**Mini & Standard**
with or without subscription



FOR FIXED LOCATIONS

## Starlink Standard

Price on request

- **Wi-Fi 6** — tri-band router included
- **IP67** — weatherproof antenna
- **110°** — field of view
- **-30 to 50 °C** — antenna operating temperature

Ideal for offices, construction sites, farms and holiday parks.

COMPACT AND MOBILE

## Starlink Mini

Price on request

- **1.1 kg** — light and easy to carry
- **Built-in Wi-Fi** — no separate router needed
- **12–48 V** — DC power, 25–40 W on average
- **IP67** — dust and water resistant

Ideal for vehicles, service vans, boats and temporary sites.

## With or without a business subscription

OPTION 1

### Starlink hardware only

You buy the Starlink Standard or Mini from us and choose your own subscription.

OPTION 2

### Hardware + business subscription

We supply the hardware with a Starlink business subscription, all arranged through one point of contact.
