

HEARTSTOPPERS Haunted House

Come and support us. If you dare...

Selected Dates in September and October
The Mine Shaft
2300 Mine Shaft Lane
Rancho Cordova

You will be scared silly during the Cordova Community Council's largest annual fundraising event: Heartstoppers Haunted House.

In September and October, and partnering with another non-profit organization, the old Mine Shaft property at 2300 Mine Shaft Lane is converted into the scariest place in town. For 13 nights, ghouls and zombies stalk the halls and underground tunnels for 15,000 guests, who are challenged to scream – for a cause! Heartstoppers Haunted House is consistently rated the best Haunted House experience in Sacramento.

This volunteer-driven adventure has become the Cordova Community Council's largest fundraising event. Sponsorship opportunities are available. Better yet, purchase a bundle of tickets at an attractive group rate and make it a fun outing for staff and clients. We appreciate support for this mission of the macabre.

Chilling and ghastly, indeed!
