

Morgan Conservation District Chemical Reimbursement Form

In order to get reimbursed for your chemical, please fill out this form and return it to either a board member or email it to: Jace Atkinson at jnatkinson@utah.gov or Parker Wayment at pwayment@utah.gov . The information in this form allows us to benefit the area by getting more funding to treat more noxious weeds in the future. This is for agricultural application only and municipalities or government funded organizations may not receive funding. **Please attach your Receipts! Please attach pictures of the treatment area! You may be contacted to have your treatment area mapped. Landowner is responsible for submitting reimbursement form and documentation, even if weeds were sprayed by a contractor. Reimbursement may take 90 days. Receipts must be between July 1, 2025 and June 15, 2026**

There will be a \$200 cap to each landowner request for chemicals.

Receipts must be submitted by no later than June 15, 2026

Receipts submitted after this date are not eligible for reimbursement
