- 1 Pride® FDA Class II Medical Devices are designed to aid individuals with mobility impairments. K0899 Power Mobility Device not coded by DME PDAC or does not meet criteria. DME providers are responsible for determining appropriate billing codes when submitting for insurance reimbursement. HCPCS codes provided should not be considered as legal advice and not guarantee reimbursement. Payer coding, coverage and bundling guidelines may apply.
- 2 Varies with user weight, terrain type, battery amp-hour (AH), battery charge, battery condition and tire condition. These specifications can be subject to a variance of (+/- 10%).
- 3 Due to manufacturing tolerances and continual product improvement, this specification can be subject to a variance of (+ or - 3%).
- 4 Tested in accordance with ANSI/RESNA, WC Vol2, section 4 & ISO 7176-4 standards. Results derived from theoretical calculations based on battery specifications and drive system performance. Test conducted at maximum weight capacity.

NOTE: All specifications subject to change without notice. The information contained herein is correct at the time of publication; we reserve the right to alter specifications without prior notice. Speed and range vary with user weight, terrain type, battery charge, battery condition and tire pressure.
