RAVENSWOOD  
SHOWHOME  
PROJECT

A woman with long dark hair, wearing a bright yellow long-sleeved dress, stands behind a white kitchen island. She is smiling and looking towards the camera. The kitchen features light-colored wooden upper cabinets, a white countertop, and a stainless steel sink with a modern faucet. A window above the sink looks out onto a green landscape. To the left of the sink, there is a small potted plant and a white vase. To the right, a round wooden object is mounted on the wall. The ceiling has a black track with two spotlights. The overall atmosphere is warm and modern.

## the kitchen is the *heart* of the *home*

We loved working with the team at Trendsetter Homes to create this showhome. Using classic materials in the kitchen with a functional layout means people will always gravitate to this warm and engaging space.
