

His or Hers

Salon & Spa

As the Governor has lifted the mask mandate, beginning June 1st 2021 masks will be optional.

Some of our team will choose to continue weaing a mask, some will not. Some of our guests will choose to continue wearing a mask, some will not. We understand everyone has deeply personal beliefs guiding these decisions. We respect EVERYONE'S choice. There will be NO judgement.

As a company, we will not ask our guests to disclose their vaccination status. We ask that our guests respect our team members personal and private health choices as well. This discussion will not be permitted, no exceptions.

Our sanitation procedures and check-in protocols will remain the same. His or Hers Salon and Spa will continue to be a place to escape and relax.

Thank you to all of our incredible guests for their support. We value each and everyone of you!
