BREEDING REPORT FOR (Year)

REPORT OF RINGS FITTED TO CAGE / AVIARY BRED BIRDS DURING THE SEASON

When the breeding season is over, please complete and return to us your breeding report form, including details of birds that were not ringed for whatever reason, as this could safeguard you.

We would also welcome any information on breeding and ringing problems.

Certificates will be issued for all successful breedings.

Ring Purchasers will be doing the Council, and indeed the British Bird fancy a great service if they will record their breeding successes.

It is advisable to keep and retain accurate breeding records.

NOTE: British Bird Council rings are year-dated and intended to be used in the year of issue.

The rings can only be used by the person to whom they are issued and **MUST NOT** be transferred to any other person.

Name: (Please Print)

Address;

.....

Species / Variety	Parent Ring No.s M x F (Optional)	Date Ringed	Ring Size	Ring No.	Un-ringed

Please continue as required and sign overleaf
