Approval for the above boat is granted:

Long Bay Boat Club Board Representative

Date

****A boat cannot exceed the length stated in the LBBCI Rules & Regulations that all boats can be up to 29' LOA and weigh no more than 7,500 pounds or 9,000 lbs. on a free-standing lift that is rated for the weight of the boat. The only reason this might change is if a dock is deemed not amenable to having a boat as long as 29 feet. Once the boat comes to the facility, the Board reserves the right to rescind this approval if the boat does not meet the requirements. Therefore, approval from the Board before purchasing a boat is highly recommended.**
