

25-26 Club Directors & Sub-Club Directors,

The new Club Activation form is ready. Below is the link to the form. **It is not posted on our website yet**, so if you have a new club director, please forward the link so they can complete the activation form from their own SportsEngine account. (**Note:** *The 25-26 club activation form is still posted for new clubs use only that are doing summer tryouts.*)

[26-27 Club Activation Form](#)

If you are changing club directors for the new season, email Carol at carol@iavbreg.org to get help with the process. (*Each situation is different depending on who the new director is and if they have a 25-26 membership or not.*)

Those of you that are doing summer tryouts, if you haven't yet, please get those submitted - [Tryout Hosting Application](#). The 26-27 club activation form should be submitted before your tryouts can be posted. For mega clubs, even if your main club doesn't do tryouts, if sub-clubs do; please complete the 26-27 club activation now. (Sub-clubs can be added or removed from your activation form prior to the season starting by contacting Carol.)

New adult members helping with tryouts should do the 25-26 Event Worker membership. They won't be rostered this summer, so they don't need the full staff membership to finish out the 25-26 season. To get that membership option, they **need to choose Event Worker** as their role when registering. The event worker membership is \$20. That membership requires current background screening and SafeSport training (*no Impact training needed*). Impact would be a requirement for them to coach in the fall.

For reference, the following is information copied from the club director email sent 6/19:

[Club Director Information](#)

[OCS \(Online Commitment System\)](#)

[Tryout Hosting Form](#)

[Insurance Form – \(New Facilities Only\)](#)

The OCS is now active for clubs to start getting their information in the system. Commitments can start being sent out on July 5th, 2026.

Players participating in National or Regional Qualifying events CANNOT be waived to a different age level unless they fit under the USAV exceptions. Please make sure and verify the proper age level for your athlete BEFORE tryouts. The 26-27 age definitions is posted on the Club Directors page of the Region website.

Commitment Dates:

- Early Commitment Date for All Age Groups (All offers will expire after these deadlines):
 - July 22nd, 2026, 11:59pm
 - August 9th, 2026, 11:59pm
- Fall Commitment Dates (All offers will expire after these deadlines):
 - 14U and Younger Age Groups – November 3rd, 11:59pm
 - 15U and Older Age Groups - November 10th, 11:59pm

The tryout membership is only good for tryouts and is upgradable to a full membership. Current 25-26 season memberships are good until August 31st, so those members do not need to purchase another membership for the summer tryout season (*regardless of their club affiliation*). The 26-27 tryout membership is available for purchase now. It will be good for tryouts starting July 5th, 2026.

Memberships for Club Directors and Coaches for the 26-27 Season will be available starting August 1st (*the membership will not become active until 9/1, but membership requirements can be completed*).
