At this point, the Board of World Missions has received over \$150,000 to share the blessing of safe, clean drinking water.

SBMC has raised \$680.00.

The Board of World Mission's **Blessings Flow Project** has provided clean water to over 400 families in the La Moskitia region of Honduras through the distribution of household water filters. Through a partnership with local leaders and an organization called One Atta Time, which provides five-gallon buckets, EPA-approved water filters, and assessments of health and water quality, we have blessed every family in the villages of Tumtum Tara and Warunta, with plans to serve three additional communities (Kuhropa, Pakwi, and Río Plátano) in the first stage of the project. **As of January 1<sup>st</sup>, generous donors have already funded filters for every family in each of these five villages, as well as an additional 1,200 households, which means that every gift made from this point on will allow us to expand the project!**

You can put your 'cash' loose offering in the bucket in the narthex. If you wish to write a check please make it out to: The Sturgeon Bay Moravian Church and note "Blessings Flow" in the memo.
