# FORTUNE VILLAGE

CHINESE RESTAURANT

MENU

## A warm welcome to the Fortune Village Chinese Restaurant from your host, Simon Chan. Fortune Village is a family business, established by Leo & Grace Chan in 1981 and still owned and operated by the same Chan family.

I am the second generation of the Chan family to serve Chinese cuisine to customers from all over Sydney, interstate and around the world.  For more than 45 years, Fortune Village continues the tradition of serving Chinese cuisine in comfortable surroundings alongside warm friendly service.

Our history has seen us have been privileged to serve people from all walks of life and over many generations. The menu has many provincial influences with a wide variety of traditional dishes, together with a selection of contemporary recipes that have been created to provide a modern interpretation on Chinese dining.

By tradition, Chinese cuisine is intended to be shared, and we recommend ordering a range of dishes for your table to add variety to your dining experience. Myself or one of my friendly colleagues would be happy to provide suggestions or assist you in navigating your way through our extensive menu.

Please be aware that our dishes are produced in an environment where we at times work with food that may contain nuts or nut products, egg products, seafood products, gluten or other allergens and our dishes may have trace elements of some of these products.  We would suggest that if you or anybody in your party, have allergies or reactions to any product, to consult me or ask for a manager for guidance through our menu. Please take a cautious approach when consuming any food.

Feel free to ask if you require assistance with our menu, beverage list or any other aspect of what we do here at the Fortune Village Chinese Restaurant. I sincerely wish you a happy dining experience here at the Fortune Village Chinese Restaurant.

Your host,

Simon Chan

# SEAFOOD LABELLING INFORMATION

Some seafood dishes on our menu include a country of origin code:

**(A)** = Australian Seafood
**(I)** = Imported Seafood
**(M)** = Mixed Origin Seafood

These codes comply with the Australian Information Standard (AIM) requirements for seafood labelling.

**Please Note:**
These codes indicate the origin of the seafood only and are **not intended as allergy information.**

If you have a seafood allergy or dietary concern, please speak with our staff before ordering.
