CANADIAN GOLD RESOURCES CLOSES NON-BROKERED PRIVATE PLACEMENT OF FLOW THROUGH SHARES

Dieppe, New Brunswick – July 29, 2026 – Canadian Gold Resources Ltd. (TSXV-CAN) (“Canadian Gold” or the “Company”) is pleased to announce that, further to its news release of July 22, 2026, it has closed its previously announced non-brokered private placement of 3,200,000 flow-through common shares (the “FT Shares”) issued to a single arm’s length accredited investor, at a price of \$0.08 per FT share, for gross proceeds of \$256,000 (the “Placement”).

The FT Shares will be issued as “flow-through shares” within the meaning of subsection 66(15) of the *Income Tax Act* (Canada). The proceeds from the issuance of the FT Shares will be used to incur eligible resource exploration expenses which will qualify as “Canadian exploration expenses” (as defined in the *Income Tax Act* (Canada)).

In connection with the Placement, the Company has paid an eligible arm’s length party (the “Finder”) a cash fee in the amount of \$17,920 and issued 224,000 non-transferable finder’s warrants (the “Finder’s Warrants”). Each Finder’s Warrant entitles the holder to acquire one non-flow through common share of the Company at an exercise price of \$0.08 per Finder’s Warrant for a period of 24 months from the date of the issuance.

All securities issued pursuant to the Placement are subject to a statutory hold period of four (4) months and a day from the date of issuance. The Placement is subject to final approval by the TSX Venture Exchange.

The gross proceeds from the Placement are intended to be used to advance exploration activities at the Company's Robidoux Property in Québec. Ongoing work includes geological mapping, prospecting and surface sampling, while the Company is also preparing permit applications for its inaugural drill program at the property. Management believes Robidoux hosts significant exploration potential and looks forward to systematically advancing the project alongside its flagship Lac Arsenault Property as part of the Company's broader exploration strategy in the Gaspé region.

None of the securities sold to be sold in connection with this placement have been or will be registered under the United States Securities Act of 1933, as amended, and no such securities were offered or sold in the United States absent registration or an applicable exemption from the registration requirements. This news release shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the securities in any jurisdiction in which such offer, solicitation or sale would be unlawful.
