Important Information

Helmets

As you know, helmets are hired and fitted in resort. A payment for this service goes to the local ski school or travel company. In my experience helmets can be old and poorly fitted. I want you to consider buying your own helmet and get it professionally fitted. We know this can be expensive, but safety is paramount. Helmets are measured in centimetres; a tape measure around the head just above the ears and temple.

We are working towards, with help from our suppliers, to offer helmets from £45.00. These need to be ordered by the end of November for delivery for February half term.

Jacket and Salopettes Hire

Students nowadays seem to want their own ski gear. A decent ski jacket and salopettes will cost over £100.00. We stock in our unit examples of these for purchase.

You can hire these from us. It is important these are ordered in plenty of time and that you get the sizing correct. Salopettes are measured by hip size in inches, jackets by chest size in inches.

On return of hire wear these need to be washed. Low heat (30 deg) and no tumble drying. These should be in a named bag and returned to school for pick up. We ask this to be done in 5 days from your return to school. Skiwear can be returned directly to our unit.

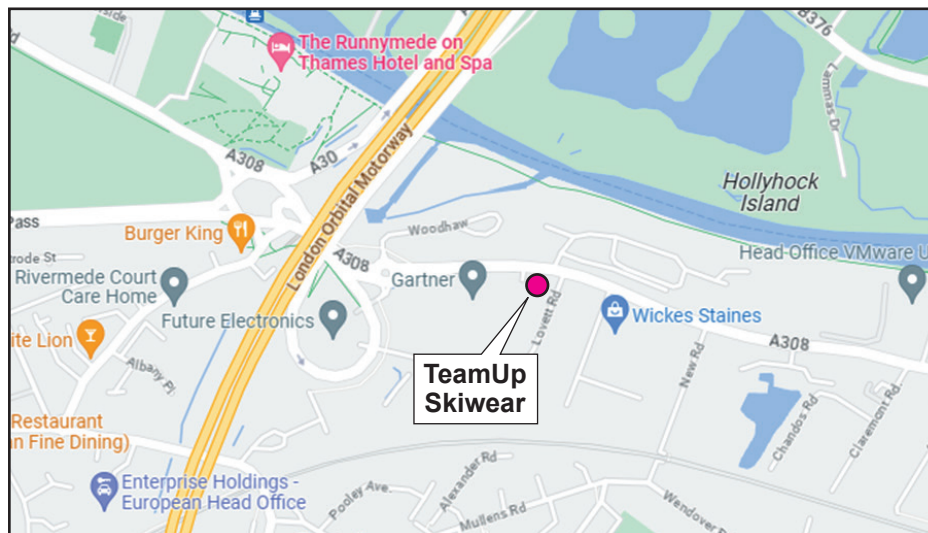

Footwear

Strong waterproof après ski boots are recommended. Generally, these are expensive, but our boots start at £30.00. Christmas and February groups will need them. Easter groups, not so important as snow is not always present at hotel level.

Visit our website www.teamupskiwear.com to view our range of skiwear and accessories.

Please post or email your Order Form to me, then I will invoice you for the card payment. All orders will be delivered personally to school 7-10 days before your trip departs. Order Forms can be downloaded from our website.
