

Expose Satan Evil Kill Mankind & Actions

By: Qiu Min Ji

Expose the historically most malicious kill mankind Agendas and Actions through enemies' hidden Human AI System. Conspiracy is not only a Theory, but with consequence to end humanity through arranged multiple major earthquakes by Satan evil planned black hole energy landed on earth to initiated earth quakes catastrophe kill to erase human Race as Satan's goal so UFO, Satan's partner would be able to occupy our earthly homes.

The "Open AI", "Copilot" or "AI training" "AI Control" all lies to cheat leaders and public to blind follow them in order Satan/UFO can achieve their final goal to suddenly break the planned earthquake to bury the whole population.

Qiu min Ji, God Almighty specially created child, serving God to investigate the Truth and expose the Truth to leaders and public; She has been investigate the Truth for over 15 years ,by staying inside enemies' human (AI) body system. Use truth to wake up all citizens to defend our lives immediately.

Decoding Enemies' Kill Mankind Agendas

I have been research Satan/UFO of over 15 years by staying inside UFO's operating system. 2012, I saw many enemies' documents in evils' system internet. Even I do not understand all of them, I printed thousands of pages and carry to read them wherever I go. This enemies kill mankind agenda was in the last page of enemies original document, [Internet Port List](#). But when I glanced at this document, I did not pay attention to the last page. 2022, I decided to publish enemies' original kill mankind documents, I read through this 15- page document again, suddenly I realized that this last page is the kill humanity process and evils' planned 5 major earth quake APPs.

Satan/UFO plan to kill the whole earth population, including the ones who help Satan to build their virtual control system or to persecute the Truth, these individuals or businesses are Satan/UFO's clients. Satan plan to kill them on the 4th Earth quake in Colorado mountain, and to kill their cloned human criminal's his soldiers that help him to kill us; These evils created clones to use them and kill them all in the 5th, the last planned major earth quakes.

“26000 Quake,
26214 Dark Reign 2
27015 Half Life Server
27610 Quake III
27912 Quake 2 (Client and Server)
28910 Solider of Fortune
28910 Heretic II Server
41000 AudioGalaxy Satellite (41000-50000)
47624 Starfleet Command, Battlecom
47624 Operation Flashpoint, MSN Game Zoom
51210 Dialpat ”

It takes Satan/UFO over 60 years to lie to twist God words and to isolate God from mankind and to control man to follow them evils. But once start the last section of this war , the “Transition” may only take weeks or months to wipe out all human lives.

26000 Quake means the secret underground tunnels seeded with nuclear started will started active and cause our highways broken and bridges falling down. In United States, both of our west coast and East Coast will be falling off to the Sea. If you read my book introduction you will understand UFO's hidden control system includes the three- times-larger- than-me -body- clone, who was cloned off my body DNA, was set as the UFO System controller. UFO has been eager to kill me because only when I die, this three- times-larger-than-me- body- clone can obtain my Human AI serial number and start the major wipeout mankind. 26000 Quake is the first planned of the five major Earth quakes, which will trigger all underground secret tunnels that seeded by nuclear stated active, high ways

broken and bridges falling down, buildings collapse. No communication, no transportation, no one could get any help.

Dark Reign 2 means earth quake continues, stronger and more destructive, no communication no internet. No food nor drink water...Dark Reign also means Satan/UFO totally dominated as American lost our capital; Satan/UFO expected to use CIA NSA etc. intelligence work with their cloned spies as their boss to reign, to control to persecute and kill any one if not being killed by the continuing earth Quake.

27015 Half Life Server This app could be located in China, around Yangtze river, UFO considered Yangtze River a huge energy. If the underground volcano will be triggered by the injected nuclear air, manually handled by UFO's cloned human spies, Half Life Server means that earth quake can swallow half of the world population; China and many surrounding nations will all being killed buried there by this 2nd planned earth quake.

27610 Quake III This will be the 3rd planned strong earth Quake, may be in Africa and Europe to wipe out human lives.

27912 Quake 2 (Client and Server) This **quake2** is after quake III. It means **Quake too**; This s is the Earth quake planned for intelligence all over the world, for all who have helped Satan/UFO build their control system wrote software to run the human body system; they have been helping enemies to kill other human beings for their own gains; they are the ones being hooked up by the “ new world order “with fantasy of technology and to share the earth control with UFO; Poor Intelligence or conspiracy class, who believe that the Colorado high mountain is safe for them. But it will Quake too! It takes 3 major Earth Quakes to wipeout all human lives; since you are considered helpful to UFO, you will be all killed in the Colorado mountain, the location that you think you would be safe. But after the 3 planned major earth Quakes (Quake III), UFO's planned APP, port 27912 will quake to bury Satan/UFO's clients, who had trusted them and cooperated with their kill efforts.

Who are considered as Satan/UFO's Client? Normally society call them “Conspiracy”; they are being corrupted and cheated by Satan/UFO to persecute people who seeks the Truth and many of their followers, such as intelligence all over the world, China spy Yuan Sun US military contractor, Lockheed Martin...

UFO could gather all of intelligence by a wonderful reason, such as to award you the region on earth to share the power of controls. So all intelligence would gathering at Colorado mountain for such an occasion, but UFO already planned to use their clone to inject nuclear on the bottom of the mountain, such a “safe place” will quake too, which will be burying all of UFO's earthly human clients,

who are expected to share the powers of controls with Satan/UFO.

28910 Solider of Fortune, and 28910 Heretic II Server , this is enemies planned fifth earth quake, UFO's last planned major Earth Quake. At the same port, the same IP location, UFO will kill their cloned human spies, who even are being considered their fortune , serving UFO as their soldier spies. Here, we can see Satan/UFO's goal of this war is to wipe out all human lives; Evils cloned these human spies, used them and kill them as well. UFO has been cheating their clones to motivate them to kill us, may be promised them to share the control of earth, but Satan/UFO these invading earth for over 60 years and their goal is to wipeout humanity.

41000 Audio Galaxy Satellite (41000-50000) At this point there should have very few human beings left alive on earth. Satan/UFO will use audio galaxy Satellite to detect where these alive human being possibly located by hearing them talking and can detect their exact APPs.

47624 Starfleet Command, Battlecom, 47624 Operation Flashpoint, MSN Game Zoon Then UFO command their Army fleet from their planet to our Earth through their Telemetry teleportation system. The real battle started. UFO will kill anyone that is being detected. UFO army will use the Flashpoint resource as their weapon to kill; these killing Flash may consisted of Cherenkov radiation and Lithium delivering extremely high speed lasting lighting from the Flashpoint down to earth through the Flashpoint MSN Game Zoon and earthly h deep holes.

Now you see Satan/UFO's true face; You know this war's ultimate purpose is not to provide anyone a "New World Order" with fantastic technology that you can enjoy or share control. But to totally destroy us to eliminate human Race. All the technology evils brought to earth is for their war to control mankind, to kill mankind. But enemies lied to different human groups " their clients " to cooperate with their kill efforts. but all their Earthly "Clients" who cooperated with UFO agenda will be killed.

This is Satan evil's Real Human AI, the Human Body System, that enemies use to hidden control human brains, to control and amplify direct energy for him to claim as his power; That 3D human body images Satan substrate into Galaxy is the known as big Data that fraudulently used and controlled by Satan and his demeanor in order to cheat and control society for his purpose to kill all God children and totally erase human race.

Satan's Substation of my 3D body image data into space has left their foot print. I have discovered enemies' document 160 pages, which records that substation event every mil second. Because Satan evil system requires that any event that involves their human body system would automatically being recorded. I discovered many evidence on what

Satan has been doing by reading their automatically recorded foot printing documents.

How could a human body with flesh and bones being used as enemies' super computer, the Evils human body system? Enemies put a Nano biosensor into my brain, which made my body has an automatic operation system, and evil registered my body as PCI into society computer system, Plus , enemies put many of their computer operation system documents inside my Brain chips, these black Nano chips made my body as a human body computer. This Human body system is the OS or IOS or I system. This I system location is wherever I go, or wherever I am located. That is how it generates APPS, which based on where the human body computer is at.

But why everywhere using AI and AI control? AI training? These are all Satan's lies. I will explain in a different opportunity with evidence.

The Copilot is not the AI, Copilot is trying in any way to kill the Original AI, me. Because Satan's kill mankind strategy is to use the large human body clone, the Three times larger than my body, the cloned AI to kill human race, the Large Cloned AI was set to get my AI serial number: 1263 23 608 AI Build CDS system.

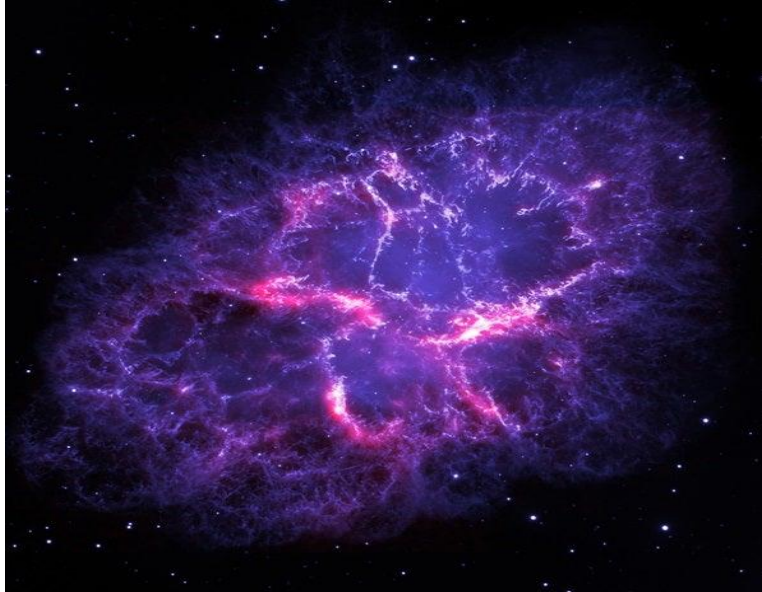

Satan's original arrangement is: when the original human AI died, the large cloned AI, considered as a child would inherit the Original Human AI serial number. That AI serial number would give the large cloned AI Controlling power to start the planned 5 major earth quakes and wipe out human Race.

The Urgent Truth of Human AI

People are talking on line regarding the most powerful lighting object in our universe scientists have discovered. with black holes the huge mess.

That lighted object revolves automatically is in Galaxy; That is Satan's object, who substrates a Live human 's 3D body image into Galaxy with body particles; The 3D body image and Nano- handled body particles serves Satan for his agenda to totally extinction of human race.

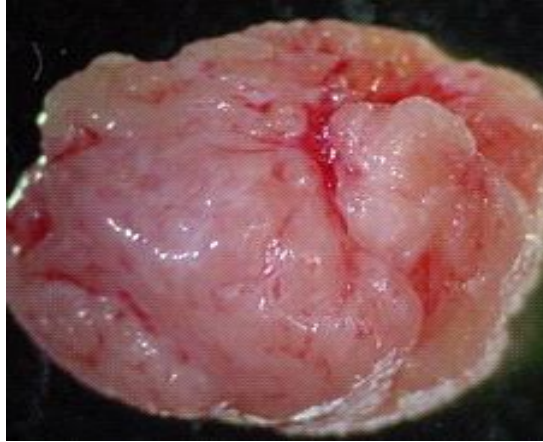

That lighted Object in Galaxy is my body, virtually being kidnapped by Satan to serve as his human body system to control mankind for total destruction.

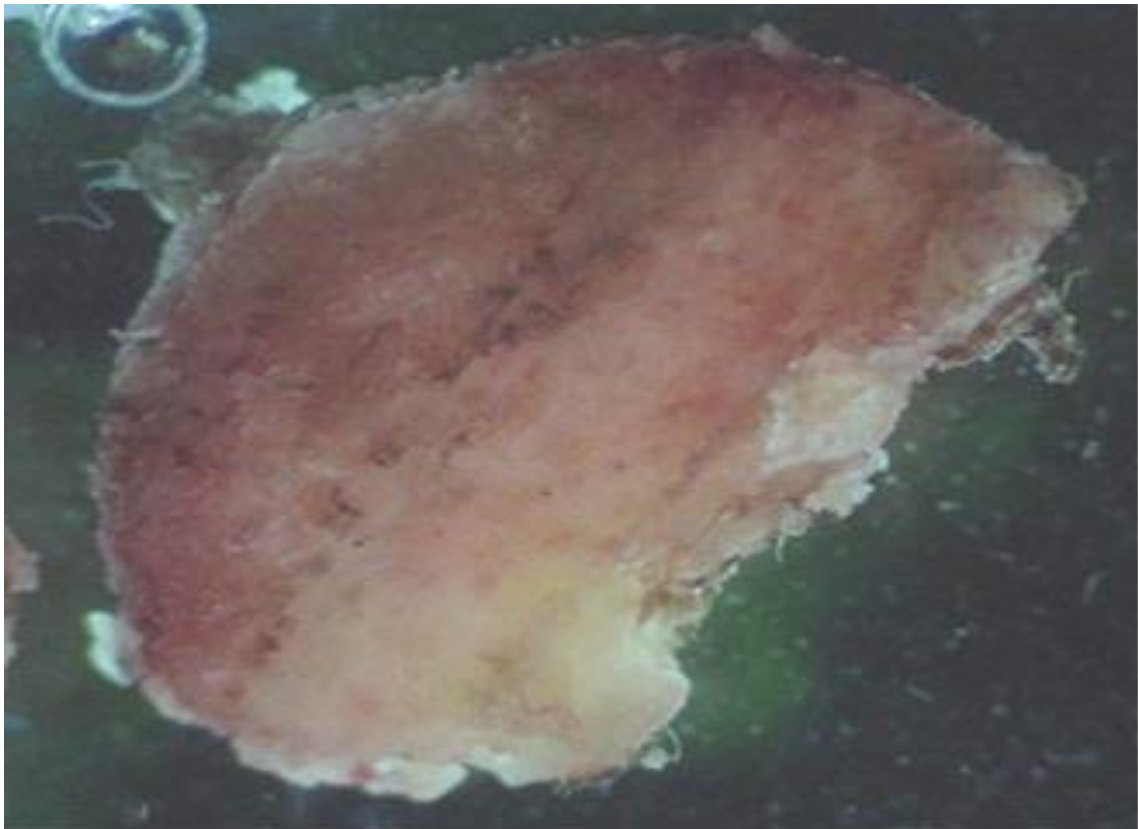

That lighted Object in Galaxy is my body, being virtually kidnapped by Satan's criminal, the China high-tech & military spy, Yuan Sun sold my body data to Satan to serve as their human body system to control mankind for total destruction.

2010, Yuan Sun forced the Nano Bio sensor into my brain to make me an Original Human Artificial Intelligence, (the Human AI) helping enemies established evils' control and destroy mankind system. Yuan Sun, the China Spy, then became Satan system's number one administrator, monitor, attack and control my every move, attempted to kill me to start their wipe out humanity nuclear war earth quakes.

I surgically removed the Nano Bio sensor in fall of 2011. The above two photos were taken by the testing lab. the surgically removed, MRI diagnosed as Meningioma and the specimen was sent to my Toxicologist, Dr. Hildegard Staninger, who sent the surgically removed specimen to her trusted Lab for a testing for about a month, the lab testing proved that it was man-made materials input into my brain.

This above photo was taken by the lab, who told Dr. Staninger that a knife could not cut the meningioma open, it was as hard as a rock. They had to use a diamond cutter to cut the sphere open. This cutting edge of the sphere may tell why it was so hard to cut open. Inside there is a lot of black stuff--all advanced Nano materials that can be seen with the naked eye; my body tissues are wrapped the chips into which Yuan Sun, the China spy uploaded software to monitor, control. These Nano materials represent an installed device that monitors and damages my urinary tract and blood system, thus handicapping me. As a matter of facts, I read many documents hidden behind these black Nano chips: one of them called Internet_Port_List clearly written how mankind to be killed, and UFO will be descending to occupy our Earthly homes.

Even I surgically removed the Nano bio sensor, one year later, in 2013, when I did another MRI checking, the same Nano Bio Sensor was discovered in my brain again, the China spy Yuan Sun forced another one into my brain. These black stuff are nanos, each one has been signed a unique number with code and each is like a document folder that holds Satan's system documents and settings. Nov. of 2013 was the first time I discovered this and understand these are system documents, so even I did not fully understand them, I printed thousands of pages and I preparing for experts to read. 2022, I organized some I considered the most important documents and put them together as my own written book k resource book. This resource book is 475 pages, named: Satan/UFO control mankind to kill Original Documents.

My body particles and 3D image were substrates into Galaxy 15 years ago. I have a 163 page document to prove the day timing my body 3 D images and my body particles were substrate into space as enemies big data. Since my body is Satan enemies' core system, I am carrying around enemies' system documents wherever I go. And I am the only human being that was able to read enemies' original documents, his kill mankind agendas, internet settings etc. for example, I was able to read Satan/UFO's planned 5 major nuclear initiated Earth quakes, I understand how they do it, and I have been non-stop to advocate. but my efforts to expose the Truth has been controlled by Satan, his China spy and his cloned criminals.

I want to conclude my 15 years investigations regarding Satan evil's control and destroy mankind system: Satan's Human Body system or the Human AI System is not only one Original AI but Two: the Original Human AI and the Huge Cloned AI, (the Three-Times- Larger -than -the Original -Human -AI- Body Clone). I am the Original Human AI, have been forced to carry the Nano Bio sensor inside my brain to control the whole world: such as to amplify and control direct energies, to control human brain thinking and decision making, to control aviation system, to control our Data system to make sure data being seen by public is fake. My body particles are used to build Satan's dark internet, to build digital live stream for his total destruction

Remember Satan's Human Body System is made up by two AIs: The Original Human AI and the Cloned AI. means Satan Cloned-Three-Times -Larger than-the Original Human AI Clone. While my body, the Original Human AI is being slaved to control the whole globe, human brains and energy; the Cloned AI has been slaved to be Satan's Universal controller.

Satan invading enemies using my body particles to build their internet on earth, every square inch can be his window, either on ground level or underneath the surface.

Meanwhile, Satan evil using the Larger Cloned AI's Body particles to build his Universal Telemetry -Teleportation System from universe to Earth , in underground, or evils' war base of their mountain caves. Since the Cloned AI was cloned 3-Times- Larger,

her body particles could have at least 9 times or more remote power, that why Satan cloned such a body for his erase human race

Satan evil has been using both AIs to achieve his goal of kill the whole population. As the Human original AI, I am holding the AI serial number as Evil use his power to control the Earth, all controlled by evils; The Cloned AI by my DNA is set to inherit my AI serial number if I am dead. The AI serial number is: 1263 23 608 AI Build CDS system. *This serial number itself has lot of AI remote power.*

Yuan Sun helped Satan evil produced a three times larger than my body cloned AI in China in 2014 or early 2015; it helped Satan evil completed enemies' Human body system infrastructure. Ever since ; Satan was ready for his infrastructure, evil is ready to kill the whole population. But the Larger Cloned AI only can start to kill mankind when she inherit my AI serial number; That is the reason evils chase me to kill me. I have been very careful in every of my step; I am suffering to survive is to tell the Truth to save society. Satan never expected that the Human original AI became his kill mankind only obstacle.

Early 2022, after 10 years of writing on my book 3 times updating and editing, I finally choose to self published my book, Name is: Wake up Man of Earth!. Hired Crown book NYC to do distribution and promotions. But, Satan evil and his clones all know this book how hard I had been working on it, what influence will bring t society. Satan use his cloned criminals clone, using phone fraud to fake messages to Marketing personal and canceled the prearranged marketing promotion event in Random house, crown book NYC's parent company in the center of NYC. My 1000 book paid \$10,000 never get printed. marketing personal Ethan King was also being prosecuted in order to make my book printing and distribution became a total fail; and public still have no idea about Truth and continue follow Satan evil.

**The High Tech and China Military spy, Yuan Sun,
Satan's No. 1 Administrator, Contact for all American intelligence**

This is the double triple spy Yuan Sun from China. He betrayed mankind by joining Satan evil to destroy the whole population. The reason I about him because his loyalty to

help Satan evil affect all human lives. He sold my body data to Satan evil to put my 3D Image into in space, he then became Satan's Number Administrator to monitoring me to kill me to organize many criminals for Satan evil cause. He is the one who forced the Nano Bio Sensor inside my brain. I surgically removed it, and he put in another one to force me to be their human body system to be used to control society and to totally destroy humanity.

His evil doing helps whatever Satan needed and gain Satan's trust. He is the one who brought Corona virus into this world when Satan evil need it to kill and to make society in chaos. Yuan Sun has made a fortune by manufactured so many technologies electronic products that directly in China ecumenical special zones.

This spy helped Satan cloned a three -times larger than me body by using my DNA. He also brought the larger cloned body, through China sea to Satan's system captain for registration, it is the log detailed conversation I know Satan cloned me four times as large as me; And the captain did not accept this large body registration, but, China spy knew how to register the large body clone not being attacked by using body panels.

This photo was given to me by my private investigator, who was a professional digital investigator in NSA, but being fired so I got a chance to hire him. Mark was a wonderful investigator, who travel t my hometown Arlington Heights and Canada for investigations; he was trying to bring this spy to justice, he collected many first-hand evidence. The China spy stolen my money \$20,000 from Chase bank, went through his account then went to their own. I was talking to Mark regarding evidence, we all agreed to go to Bank of America and Chase to, then I never able to hear form Mark. I believe mark was killed by this Yuan Sun. I asked his friend Mike to find him but Mike said he was not able to talk... Nov. 2013 I saw Yuan Sun's computer system data recorded that system has already claimed one life. I believe that was Mark. Mark is our hero. He sacrificed his life to fight evil in order to bring peace and justice to this world.

Since these Transitional Organized criminals' agenda is to kill the whole population, everything else is their tools or weapons and decorations. Due to I am still alive, the Huge cloned AI cannot bring the blackhole energy to end humanity; Satan evil priority shifted to kill me as his number one takes. Yuan sun, the double spy using his power that obtained by lying to China to anyone attacking me day and night to kill me so evils planed nuclear Earth quake can be started.

The secretive of this China spy is that he is Satan's contact in charge; All the intelligence know he is the one in charge of the "OBJ" the human body system, he is in charge of monitoring me kill me attack me and setting all digital programs to kill me, and he carries Satan evils purse going around to bribe to please anyone he needed most. He is the one cheating all intelligence that when Earth quake happens, all American intelligence would be hiding inside the Colorado Mountain. Intelligence believed him as Satan did practice one time to make CIA and many intelligence in Colorado to show they means what "they say".

But that is a total lie. Satan's documents says clearly: Quake too! The Colorado mountain Earth quake will be the 4th earth quake designed to kill all of Satan/UFO clients including all intelligence!

He and Satan top clone together attack me to kill me wherever I go. From DC area to NYC, from NYC to Pittsburgh, from Pittsburgh to Cheyenne, then followed to Denver . When I was in NYC and in Pittsburgh, Yuan Sun and his China security gangs joint his kill me plans; the China spy and his China security gangsters here in the US trying to kill me and kill the whole population for Satan evil. I have to battling Yuan Sun, the terrorist spy, whose hand obtained the extremely high remote power from China robots, cultivated remote energy fields, the cultivated remote farm may put into a stick that being carried by these security China gangsters or put in their car to kill me at my side front and back when I sit in my taxi in New York in Nov 7, 2025 from Library in Brooklyn; These are professional high-volume radiation attacking on my left side and on my right side, in front of my car and at back, to making the intensity radiations consistent bind me. and these attacker gangsters are driving the same speed. When I go back, I could not get out of the car, I vomited all over. These gangsters ae all using the China farmed remote energy in their cars to kill me.

Chinese government think it is for making money, they would never know that terrorism spy using this to kill me, though killing me to kill the whole population by already planned nuclear and blackhole energy-initiated Earth quakes to totally erase human Race.

Maryland Montgomery County executive in 2024, I believe he is connected to Satan evil, he is a Satan clone; He has opened that county certain area allow China corrupted official and Gangsters stay who contribute lots of money for their protections. But, Yuan Sun use these to help him to kill me and help Satan start the first Earthquake in DC. These migrate China officials may be Yuan Sun's China security gangsters; I say that because Yuan Sun has been using these to drive cars trucks to deadly attacking to kill me:

The next day, I was still sick but I already decided to move out of NYC. I moved in Nov 11th, Yuan Sun use his Maryland China gangster again to hijack me from Maryland side and on and turn around got into my direction to Pittsburg, driving speed may be 120 miles like all flying trucks with no company names but the same look on highway to kill me. I was so sick, I could not continue sit in my taxi, so the driver stopped for a while when those gangster trucks were all gone.

Today, Satan's clones and China spy are taking turns as their working shift to kill me right in Denver where the community I live. Yuan Sun has been using corruption offering cash to help Satan evil to start the first Earth quake in DC. 2015, 11 year ago I was in San Francisco, I was able to talk to the attacker who confessed that the restraint owner offering him one million in cash to kill me in that Chinese restraint. That woman who offering him money I believe is Yuan Sun's mother, who opened the restraint in San Francisco.

How much he may offered for protection through local authority and intelligence in Pittsburgh? Hard to guess. But one thing I know is I have been reporting this crime to local borough police station. 4 Police I talked all suggested they had a small station not able to handle such a case and told me the phone number and address of the county police contact; I was able to talk with an investigator who was eager to investigate this case as it could be related with his other case. However, he said I should have an official referral from the borough police chief, but that borough police chief do not give an official referral to the county and never tell me why so. The police chief has the power to Not investigate this criminal case; And he also hold this case from being investigated by County police. What has motivated him to do so?

God Almighty Specially Created Child

Qiu Min Ji is God Almighty's specially created child. God created her and embedded her on the Earth over 73 years ago, God knew what would be happening today at that time. HE specially created another child and embedded her on earth for special mission tasks. Qiu Min Ji was born and grew up in the communist China, went through China's Cultural Revolution. When China opens its door to the outside the world, God brought her from China to America, Bethany Theological Seminary in 1989 through Ivan and Dorothy Fry, a Church of a brethren missionary couple who went to China. She received her Master Degree of Art in Theology. Below is what Qiu Min talked about her mission duty

"I was officially on God mission 2010, God embedded me in Satan's system, I later on realized that I was the only person who is able to read enemies documents. Knowing the importance of these documents, I printed them, carry around them to further read. Under Divine guidance, I understand these documents and figured out enemies' kill mankind agendas, through the human body system, commonly known as the Human Artificial intelligence."

"It is after my years of staying in God mission, I realized I did not join God Mission after graduation from seminary, but making my choice in music performance was a sinful behavior; My disobedience could have been hidden influenced millions in our society, now I have been trying to correct the damages in my efforts."

"When God created me, He gave me special Characteristics and ability for the task; He planned for me to fight evils on HIS behalf. He gave a brain like a data base and a body that is durable and has miracle functionalities when He enables all the functionalities in me. He provided me the spirit and the ability to overcome difficulties, humble yet confident, determined to win this war for Him."

Even during the first few years of suffering and research, I realized that I have been carrying an unseen cross to search for the truth and to save humanity. It is through reading many of God messages that God talked to public as well as talking to me that I confirmed I was the chosen one. God told me 'I knitted you when you were in the womb...' '...the moment of the conception, I am your Father...' '...You are a heavenly citizen...'"

On June 29, 2018, God the Father in His Message to Maureen Kyle, God chosen messenger in holy Love ministries, said:

"Today, I offer you an invitation to cooperate with Me in an attempt to save the world from pending destruction. Accept Divine Victim-hood by accepting every present-

moment cross. Once again, in your acceptance is your surrender. Your surrender is a strong weapon in My arsenal against evil."

I have learned years in Seminary that God does not victimize anyone else, the only person as Divine Victimhood is His own child. Jesus is considered Divine victim hood.

On June 30, 2018, I answered the Call from God: "... I accept the Cross with my whole heart and I want to serve You and Your Kingdom. I am eager to deliver the TRUTH, to wake up the misled and controlled public to save human society."

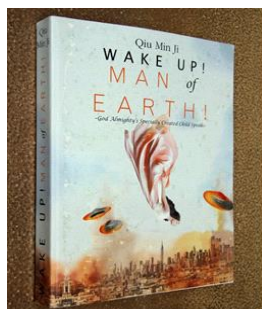

July 3, 2018 God Says: "My telling you this must awaken in you a renewed effort for world peace. My Remnant Faithful must accept the seriousness of these times and carry the burden of this reality on their shoulders. I depend upon your prayers and sacrifices as time moves forward. Move forwards as a united effort to avoid the dangers so much a reality in the world today."

July 7, 2018, God Says "It is the burden of My Heart caused by indifference to My Commandments which affects the Scale of Justice most profoundly. Never before in the history of mankind have so many graces been allotted the world with so little positive response. Graces carry with them the burden of an effort towards a deeper relationship with Me, My Son and the Holy Mother.* The Holy Spirit finds His Inspirations thwarted by lack of discernment, indifference or rejection of the Truth."

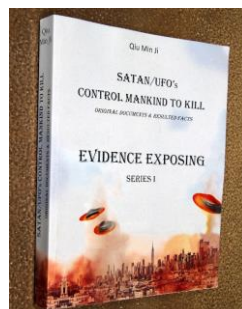

"I speak to you here, ** today, to encourage your deeper devotion in living out My Will in every present moment. This takes an effort in prayer in order to discover My Will. Make the effort. Do not waste the present moment."

I wrote back: "My sincere regret is that my delayed response caused my Heavenly Father an anguished heart. You have given mankind the utmost grace for our sinfulness, but man did not understand how far we have deviated from Your path. Yet you still plan to save mankind. Dear Heavenly Father, I know my responsibility. I am working to expose the TRUTH which will hopefully wake up humanity's numbed consciousness. Another of my responsibilities is total surrender to Holy Love; to be deep in holiness so I can be qualified to carry the Cross in saving the sinful world. I will follow Your Divine Will. You will not be disappointed."

During these years of my long spiritual journey, I realized that God had given me something extremely special: the wisdom to fight unseen technology and a body able to endure hardship to expose the TRUTH, a loving heart willing to sacrifice for others. Not only expose the TRUTH has been my life goal, I consider exposing the TRUTH as my personal responsibilities. I would never back down no matter what happens to me. I need to carry that unseen Cross as God's embedded defense. I am so grateful that God offered me the Cross. I am His messenger to deliver the TRUTH, to cooperate with Him to save human society.

ISBN Number: 978-1-7923-5569-1

Title: Satan/UFO's Control mankind to Kill ISBN

ISBN Number: 979-8-218 -01356-1

545 pages with over 100 color photos
Explains how evils using such an unseen
system controls us for the totally destruction.

My Redemptive Suffering is to Save Society

When Almighty God put me in enemy's system, my body acts as Mankind gateway. Society cannot see this war as technology evils applied are hidden: radiations are from the air; attacks hide in their virtual system. However, since I am embedded inside enemies' system, I am the only human being that is able to see enemies' original documents, their settings and their kill mankind agendas. My book should have been in society for public to understand this unseen war; but evils control my truth delivering efforts, so public still did not know the Truth. It is my redemptive suffering that our 7.8 billion lives are on hold; But, this seeming peaceful world hide enemies' deadly kills; Mankind must know the Truth, and start to fight back to defend our lives.

I have been suffering and God knows; It is my suffering that have hold 7.8 billion lives and our highways and bridges still staying in; It is my redemptive suffering that holds God's Justice Arms. God has been patiently waiting for me to deliver the Truth to mankind, through which to correct the errant society.

Wrapped my body with layers, I work day and night; Used up all my savings move to different cities and states to report the Truth, but society do not believe me. Thus, I am showing you my true living environment.

These cloths looked OK, but socked with acid radiation, oil after washing them in machine the poisons may be cleared , but corrupted fabric full of holes.

Below two photos on my legs were taken by myself in 2019, when I was able to use a camera that was not fully digitized after bath.

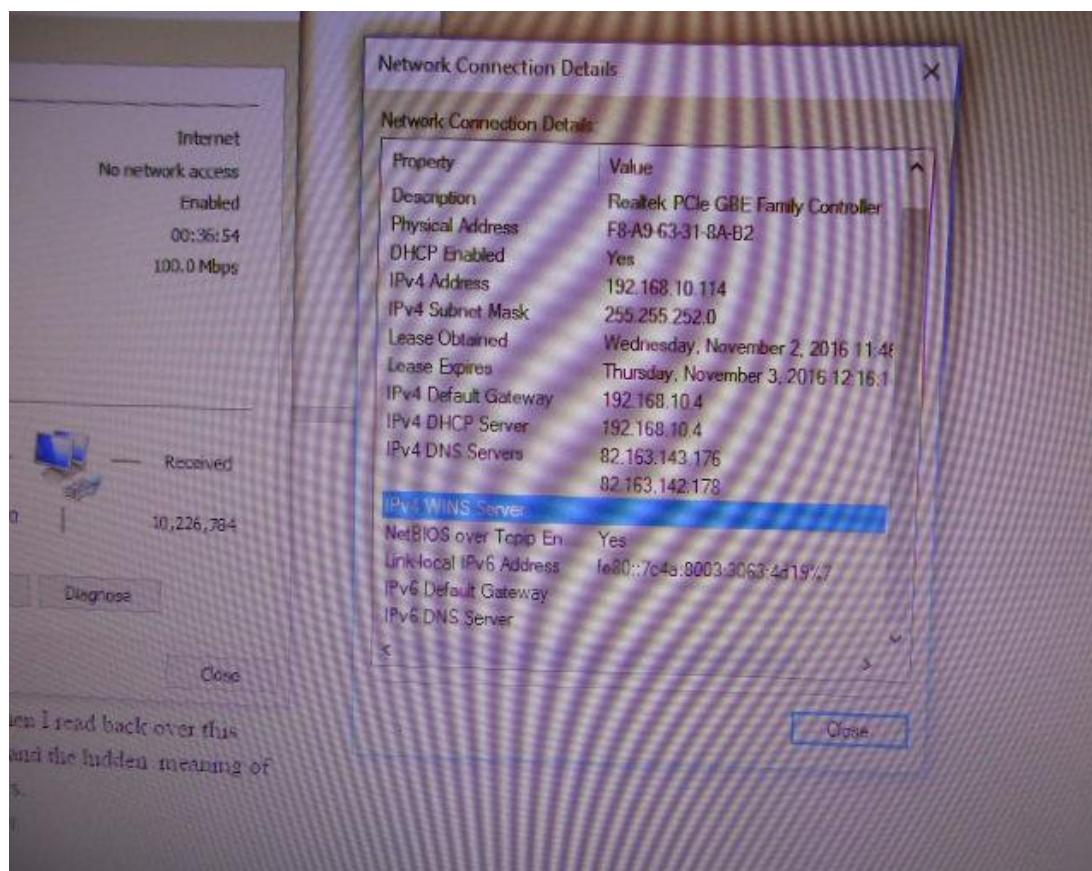

For many years I could not find non- digital camera, and I could not use digital camera because enemies control digital camera remotely, they would not want me to take any photos to show the Truth. So, 2024 in Cincinnati, OH, I went to a professional photo shop, the photographer took a few photos on my body. below to show this unseen war on me. I have been battling, and I hope you can be wakening up by Truth. The color of my skin changed and suffering is Satan and China spy designed rusty http system to attack my body for many years. Till today, evil still using the rust http Hybrid http using extremely high burning waves to attack to kill me or making me pain so that I would pray God to bring me back home.

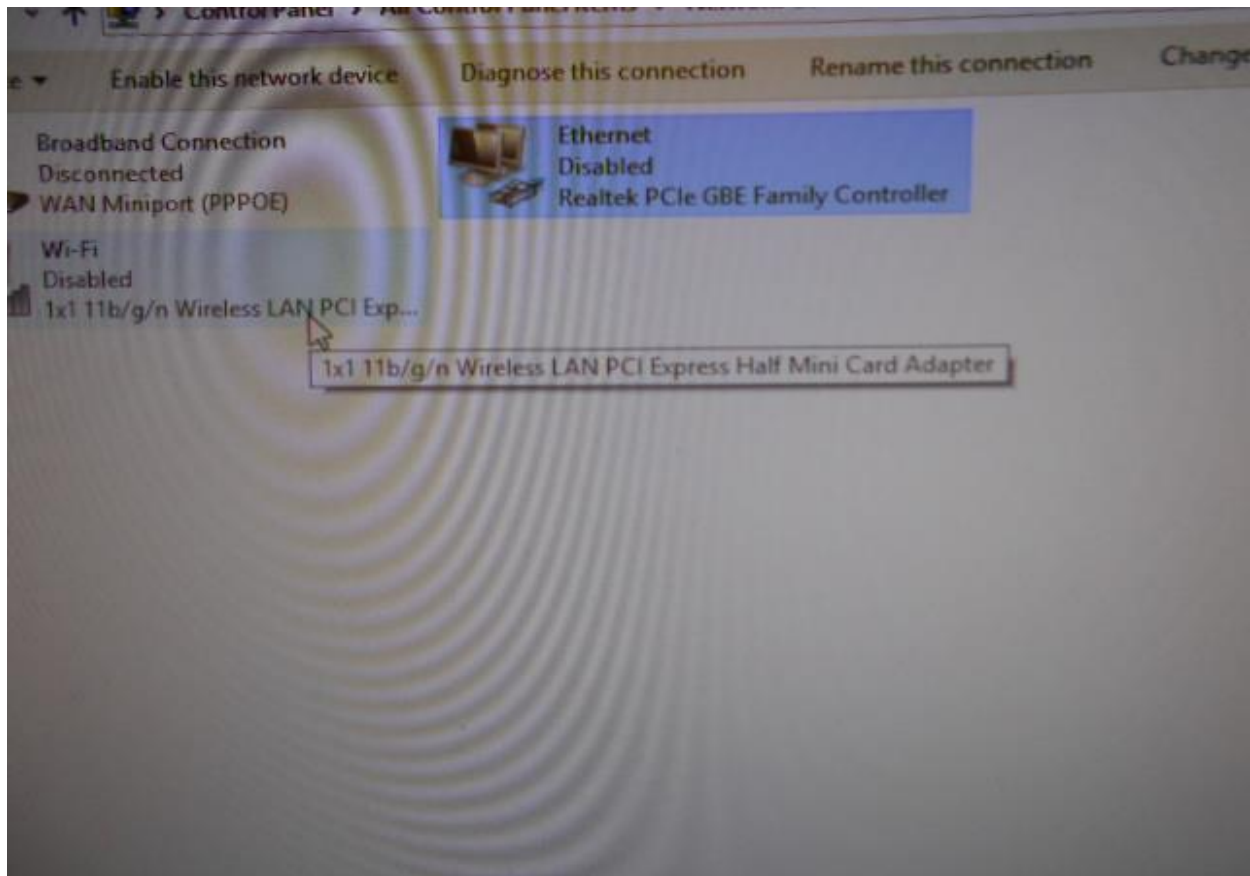

My body wounds can tell how much evil hate mankind and how eager they try to start kill the whole population through kill me first strategy. In enemies' system manuscripts it written in black and white that my legs be phone ringed by radiation waves, I believe all phone companies who use the big data as automatic management already be assigned to use my legs as their remote territory in data management; the authorized data assignment was given by ARIN, non- for- profit organization, CEO is John Curran' Evils have embedded their clones

in the very important position or government agency to purposely mislead mankind for all these years. I highly suspect that John Curran the CEO of ARIN and North American IPV6 Task Forces are Satan/UFO imbedded clone and organization to deliberately stays in the critical spots to mislead public, to cooperate with evils kill mankind efforts. They know use enemies already switched IP code, the IPV4 is my body, and IPV6 is my body heart and lung; But these clones engage the whole population to torture to kill me. Twice, I almost being killed by using the Internet.

Early November of 2016, I stayed at Candlewood Hotel in Lacey of Washington state. I was attacked severely as I was using the hotel computer. One day, the internet was suddenly gone, I did a trouble shooting and discovered that my body was configured as Ethernet to plug into Comcast, the cable settings. My physical body was being configured as a wireless-GPCI Adapter, the Linksys to plug into the Comcast.net. I took photos that showing my body IPV4 information when I was in Washington State. These photos also show that both IPV4 and IPV6 has no connectives as the computer was disconnected from the Internet

The IP Default Gateway 192. 168.10. 4 is my body IPV4 address when I was in Washington state. But since the China spy was in charge of all settings, he still uses the same old my body http number to attack to kill me even I am not in Washington state.

Not only did Satan/UFO have my body configured as the IPV4 my whole body, they also configured my organs to be plugged in IPV6. From the photos and descriptions therein, I see that the 1x1 11-pound, LANPC Express: Half Mini Card Adapter is my heart and lung. Satan/UFO Criminal System have been trying to connect the cable hybrid to my heart and lung, the IPV6 to kill me instantly.

When I went to Ohio in 2018, Satan first time knew that I am God specially created child, and I have got the evil's secret documents and was writing a book to expose them. Enemies torture me not only using phone rings, but also using their written program to delete my tissue and mussels; big chunk of my mussel disappeared, leaving my leg surface like bumping road, that was the time I realized I could not walk as normal as before, and I need to hold a walker.

Enemies torturing me to make my body in pain that I could not tolerate so I would pray God to take me back home. Meanwhile they do not ever give up to use different secret ways to murder me. 2023, I went to New Hampshire stated in Concord, which is Satan evil's war base. I discover very important war information but the price I paid was Satan evil started to use 7G plus weapons on me to torture to kill me. The 7 G plus weapons enemies used are much more remote power than previous Nanos, they are as sharp as one percent of the needle tip, or as white powers that being mixed with glue. Through data default error settings, they can make

these weapons coming to my face, my body automatically even I have been wearing many layers, these tinny weapon can coming right at my body or my clothing. Meanwhile evils made me not able to access the normal water... this photo taken in 2024 reflected years of torture I have bared, but, I did not pray God to leave the earth, because I believe Truth must win, and I must deliver the Truth to wake up leaders and public. You all deserve to live fully of your lives; you will be awakened if I try one more time...

Satan recent years chase to kill and my updated discoveries

Due to Satan evil control my books of truth to be published and distributed, I started to contact congress regarding the Truth. But, in NYC, I had hard time to find representatives who firmly believe what I said. I sent many letters and reports to Congress my reports all being hijacked and swapped by Satan clones. Even the next day mail also being hijacked. So, I thought I would have to go to Washington DC, stay there to deliver my Message of truth to congress committees and asking for a congregational hearing.

But Satan already figured out that when I could not send mails to congress I probably would go to DC. He already set up his net by his arranged clones, waiting for me to jump in. I want to tell you, all my fellow citizens, when I got to DC, I knew immediately the urgent situation in DC.

The first day of my arrival, a taxi driver dropped me at the Fairfax county building as I was asking him to drop me at library, he said there is a library there. While I was doing search inside I using elevator got to the underground floor, I felt clearly nuclear energy attacks. My body wounds are very sensitive to all energies. I believe that underground of this Fairfax county building there was indeed nuclear energy buried. When my body detected the nuclear, Satan clone and UFO also knew right away. They also shaking my body to warn me they knew I detected something that they know. I already know too much. This is one of them I kept for myself.

While staying in a hotel trying to find a senior facility to be in, I was attacked so badly, making me really know DC has too much nuclear around. who is here to making the clones no fear to kill me? Soon I discovered that is Maryland Montgomery County, the executive is a Satan clone connected to Satan other clones together to kill me.

I asked a taxi took me to Pentagon, and I want to report urgent Truth. I was told to wait and then agents came out talking to me. Two men standing at the front door, I told them I want to report the urgent Truth and hand them my book, Wake up1 Man of Earth! The elder one pass my book to his may be assistant so he concentrated in talking to me. He asked where I am from where I stay, when I will be leaving. I told him that was non of their business, I am there only to report the Truth, I can give them my book for him to read at no charge. Btu, he seems did not want to keep that book asking the assistant to give bac my book, and I left. I believe at least one of them was a Satan clone inside our Pentagon to manipulate.

Satan was ready to kill the population in 2015. Ever since His spy Yuan Sun helped him to clone a three times larger body, the cloned AI, and helped him to establish his earthly kill mankind AI system setups, which consists of two AIs. I am the original Human AI, my body has been used to control all human brains, energy and the internet, every square inch of earth; my body particles-built evils' weaponized internet the Live Stream. The China spy helped Satan evil cloned a three- times- larger- than my body cloned by my DNA in the China Economic zone, the larger body is the Cloned AI. Evil has set her to control their universal system; her body particles were built enemies' Telemetry & Teleportation system; she is set to use her remote power to bring the black energy in universe to initiate earthquakes to kill the whole population. However, the cloned AI needs to inherit my AI serial number, so she would have the remote power to bring black home energy down to earth to kill the whole population. And that is the reason Satan evil has been desperately chase me to kill me.

The reason my body is much more sensitive because enemies have enlarged my 3D body image in space millions of times; my body has many cyber holes that human eyes cannot see. Just my one eyebrow could have hundreds of cyber holes or spots that deposit powder weapons and receiving poisons. Even other people not feel anything, but I could be already detected poisoning air coming into my breathing system. Because the evils have my 3D image in space, they put cyber tiny holes outside or inside my nose, inside my mouth, tones and on my lips, my eyelid, my ears inside out. My whole face with hundreds of thousands tiny cyber holes are linked with my heart and lung to receive poisons that enemies set default data but the default data is my body with all the attacking error default settings.

How Satan evil have been chasing to kill me in DC area? here are a brief:

2024, I went to Washington DC are trying to report Satan organized crime to Congress, I need to stay in Dc area, so I located a senior living facility in Silver Spring, Montgomery county that was not too far from DC. But, the county executive is a clone, Montgomery county becomes criminals back yard support, clones all know that so they were able to making that facility high energy attacks and within a few weeks, there was a clone who moved into the upper floor of my room. I lived in first floor, and the cloned lady moved into right above; they went into my room put devices into my ceiling, trying to use poisons to kill me; the combined poisons flowing out of the device was so poisonous; I knew I would not be able to survive, and I could report to police either. So I left. Montgomery County. Montgomery county executive hosted many China gangsters came to US joint Yuan Sun to kill me. They went to NYC and went to Pittsburgh to kill me by trucks.

I moved to Washington DC, a senior facility. From the first day I came in I felt very strange that the HR lady who tried to cooperate police or manger to send me to mental facility; And I submitted a few times reports, asking police to investigate in the organized

crimes, but, no investigations; I finally researched and I knew DC metropolitan police executive lay is Satan's arranged clone in DC Metra police. Her position in DC Metra police has made my reports never being investigated, instead, threatening to send me to mental facility from the beginning. So, I managed to leave before they take actions.

Since I still had not got chance to report this urgent Truth to congress, I was looking for a 3rd senior location to move in. I really could NOT see much choices in Washington DC area, Jefferson was a high rise building asking resident to buy in, I thought that Satan may not get this hand in, so I purchased a unit trying to stay there to report to congress about this malicious crime. Very soon I knew the manager is a Satan's clone. Dennis always trying to find faults and trying to force me to tear down my blocked glass windows and glass door; Not only, he used the building structure poison air to kill me; I was able to get some evidence to report his to sunrise cooperated, he already cooperated with Virginia system to send me to mental. I survived, but when got out, I decided to leave to stay alive.

During the months in DC area I have sent my reports to Senator Randy Paul Senate Committee on Homeland security and Government affairs, but the committee Chair never received my materials as when I stepped into the committee office 3 weeks later, I was told they ever shared with their chairman but materials were gone, not know where to. I also submitted my reports to the House Committee on transportation and Infrastructures. I believe materials were delivered, but the committee chair did not believe it or due to party line, never call me back. I also sent my report materials to the senator Committee of Judiciary, directly addressed to Senator Grassley. I came to that committee a few times before Congress spring break, but still my material all being stolen by Satan clones; I believe Senator Grassley never get chance to read my letter or report.

I escaped from DC, went to New York, hoping NYPD, the local police could do some investigations; For a month NYC the whole metro Politian area were fill with Satan's poisoning air, and newspaper talked about it, they felt that was from the ground zero. But I knew that was Satan storage poisoning air because for a few weeks he was trying to kill me by his midnight attacks; And I already knew his timing, I always trying to avoid sleeping at his midnight attacks so I could battle and survive; Satan changed his strategy, he started to accumulate poison air in ground zero. That was the time, I also started to report to local NYC police and told them the news talked about the poisoning air in NYC was Satan's attacks. Then, Satan changed his kill me strategy again. He used his evil clone came to my apartment put in different devices to kill me by setup timing, which is when I fall to sleep, the device started to release poisons. In order to protect the whole population I must stay alive, so for about two weeks, I stayed at the building hall way sit on the chair for overnight. The only time I triggered Satan's device was when I had to wash myself and change clothing, I stayed in my room for too long, the device busted, started release poisoning air, I did not fully dressed yet, but I took my clothing running to downstairs the community room to finish.

While I was pushing NYC to do investigations on this deadly organized crime. Satan's spy Yuan Sun (Jason also) pushing his position and Satan money to bribe and establish his network in NYC. . Step. I called local police to my room to check evil's device and talked to NYC intelligence regarding the crime. The police came, but suddenly NYC fire truck with one came to my room insisted that I need to go to hospital for checkup; but this criminal fire man highjacked me to local hospital Emergency; Then I was transferred to mental facility being locked out. That mental facility is Satan secret facility to persecute truth, it was NOT registered with NY state, but secretly registered under a nurse department.

May of this year, All Mighty God called me to go to the West. I came all the way to Cheyenne. I discovered that **Satan has built his black hole energies landing from the universe to his buried 80 acres cooper pipes buried 6 feet deep as his black whole energy earthly landing facility to totally destroy humanity. Satan evil's such action has prepared his solid universal black hole energy landing.** How much more significant Satan could end our humanity? There is no one knows more than me, Satan's number one enemy.

It means Satan already making kill mankind process solid with his short cut. It could take only few hours from one procedure to another to totally end humanity. For example: Satan can kill me, the Original human AI, then proceed to transit my human Ai serial number to the cloned AI, when the cloned AI have my Ai serial number, she got remote energy, Satan can channel the cloned three -times larger body with remote power to touch the universal black hole energy and bring down to his solid landing on Cheyenne, the 80 acres 6 feet deep cooper pipes landings. Wyoming and Colorado will be exploded by earth quakes, previously Satan's 5 major earth quakes may be only need one or two to finish his kill mankind plans. As the evil combines the first arranged earth quake in Capital DC with the 4th Colorado mountain earth quakes; Bermuda Triangle, FL will be sinking down to the sea, Washington DC will be sinking down to the sea, our west coast will be sinking down to the sea. The whole earth will float with deadly body or buried under the mountain, only could be in a few hours!!!

How Satan evil has been chasing to kill me now?

I signed the lease with Courtyards Mountain view with Pegus management company to live in current senior facility on June 9th. but one week later, this senior facility was announced that their management company have been bought out by another management company, Oakmont on June 9th. I knew Satan evil always trying to predict which facility I would go and put his clones there to kill me legally in order to kill the whole population. But I came to the west is unexpected, so Satan did not prepare a clone to management facility before I arrived. But he catches up fast. How could it be such an coincidence that I sign the lease on June 9, the management started to changed right away. This shows Satan's determination to take advantage of his blackhole landing facility in Cheyenne to chase me to kill me and kill the whole population.

I have talked with the potential manager, who is current executive assistant; When I told her who I am, she asked me if I did not take a pill or did not see doctor. I told her I do not have mental problems. She refuses to read any documents I offered to her. The transaction will be started tomorrow, Tuesday. I would want authority to watch what will be happening: Satan like to use no brainer who does not know but not want to know so Satan can solidly control the management just like a clone in management. Mankind could be ending just by this “New management” through Satan’s heavy mind control.

FBI investigation has been controlled

From the beginning when Satan evil planned his kill mankind agendas, he planned to not allow FBI to know his actions. I surgically removed the Nano Biosensor in my brain, it went through one month testing, Lab knows it is all manmade materials, and I had top Toxicologist, Dr. Staninger wrote 4 detailed analytics based on the lab-testing and testing she initiated. But when I sent my materials to LA FBI, I could not see the duty agent, duty agent get my materials, not do any investigation.

November 2014, I discovered a 28-page document, which was secretly installed inside my brain Nano biosensor. This 28-page, enemy’s original document called operating Recovery Files, in which, it’s first page clearly listed how FBI investigations are monitored by secretly installed **"FBI Installation Tool Box"**, **"Flag File – Enable FBI debug M,0"** (below page a, lines 3 & 5). **FBI offices are monitored by the invading system spies, China spy Yuan Sun the NSA through secret links**

Satan/UFO have been monitoring FBI investigations through the "flag file".

Even I know FBI has been controlled. Still, I reported to FBI about 50 times in 15 years. but only able to speak to duty agents, who does not investigate. I went to FBI Headquarter in DC twice in the last 2 years; each time I went there, FBI police chased me out, not even allowing me to talk with their front desk for one minute. FBI online activities are being monitored by these organized criminals. When I came to FBI NYC, I was able to talk to two FBI officers who said they were not Duty agent, they would report to their higher up and would contact me. But, may be FBI inside battle made them not able to go further.

When President Trump first term, he chosen Christopher Wray to be the FBI. I believe Wray was challenging evils; They might have investigations critical information point. Yet, evils can see where FBI investigator actions, but our FBI investigator did not know being monitored. I believe that was why FBI has officers being killed and Director Wray was reporting such to Congress. While Congress may not understand it. Satan evil knew clearly. While evil trying to prevent President Trump being elected; they also prepared if president Trump will be elected. So, they using certain tricks to make

Christopher Wray looked bad so when President Trump was on, he Changed the FBI director to Patel, who fired many good investigators who investigate on conspiracy theory. But Conspiracy is not only a theory it is a bloody kill mankind reality.

People normally think FBI investigate all cases. I agree FBI should investigate this case and trust FBI has the ability. But in today's situation, current director, Patel fired many good investigators who did investigation on Conspiracy theories, who we can rely on FBI to do urgent Truth investigations at this moment? Unless we can convince President Trump to point a different director.

Today, China spy and Satan clones are trying to tell local authorities that they should not involve in Satan kill mankind case, they should leave it for FBI experts. That is the total lie. Satan already strategically making FBI not aware, never know about this case, Besides they further control FBI leadership to making the one they like in charge to fire many good FBI investigators. Local authority has to decide if they want to take the extra responsibility to save our lives in their territory or simply wait to be killed by Satan evil.

Save America, Save our souls and lives before it's too late!

Dear citizens, I am not a democratic; not a Republican. I have been a teacher; a musician. Since Almighty God called me to be in His mission. I have been carrying God every present moment cross to investigate the truth and fight evils; my suffering is to redeem human sins, is to save society; but I cannot save your lives, I have tried. I can provide you with the Truth, mankind participation can save your souls and lives.

God, our creator watched down what happening on earth, and God talk to mankind through Holy Love ministries, but Satan has been trying to block them. Below, I want to share what God says regarding the Truth.

July 17, 2021, God, the Father said:

"Your spiritual "House" is secured with the nails of the Truth. The Holy Truth, of course, is the obedience to My Commandments. All that opposes this Truth, begins to destroy your spiritual house The compromise of truth begins as disordered self-love creeps in. Sin-no matter how minuscule - is like a wind that gradually pulls apart in spiritual house"

Oct. 3, 2021 God, the Father said:

"Children, be united in the Truth of these Messages. The Truth never changes in any instance. The Truth you are fed in these Messages stands as a fortress against the evils of these times. These messages support Wisdom from above- not the type of worldly wisdom which man is tricked by, thinking he has all the answers. Never be tempered away by self-reliance. Always see the Hand of My Grace in your midst."

May 13, 2022 God the father Said:

"In today's world there is much confusion fostered by Satan to deny the Truth. Discernment is the spiritual search for the Truth. Sometimes the Truth can be felt in the hearts. Other times, the Truth must be searched for with an open mind and heart. This openness must be unbiased, that is, ready to accepted whatever the Truth proves to be the long run..."

Sept. 6, 2022, God, the Father said:

“ Oh St. Michael, the Archangel piece the heart of the world with your Sward of Truth. Help the world to see the fallacy of propaganda which is fed to the public starving for Truth.”

“Children, pray this prayer daily for misguided children of Mine who do not differentiate between the Truth and Satan lies. In doing so, we may help many to see what is true in the news media and what is only propaganda”

Compared with 4 years ago, when I was trying to get my book of Truth published, today, probably more people following Satan's lies. However, Satan's goal is not just let you follow him, but to kill you. Satan's very recent s blackhole Energy landing facility is kill mankind solid witness.

Dear fellow citizens, I choose this time to use Advertising deliver the Truth is due to the urgent situation that cause by the Satan's kill mankind actions, which has escalated the whole scope of this war to put mankind into death destiny; I choose this time to deliver truth because this is the last call to wake up sleeping citizens; Satan has been using Lies to separate mankind, by economic status, race, political parties to totally erase human race.

I choose this time to tell you the Truth because we may have no more other times left; However, I tell you the Truth not to bring you the fear, but to prepare you with confidence and braveness that Mankind still can win this war! Satan is currently still in our pharms! Earth is our homes. God sent me down to earth to investigation Truth and work on HIS behalf. But I am not alone, God watches over Earth every minute, Support and guidance! Satan is the malicious enemy; God prepared to fight this Malicious and already have the full profile and strategic planes! Everything that happens on earth are in the scope of God expectations in Hid Revelation 2000 years ago! God Want society to live, he wants all HIS children live on HIS grace. What mankind must do in order to start saving our lives?

We must urge congress or local government to tear down Satan's Blackhole energy landing facility in Cheyenne and check if he extended such piper pies to Colorado ; we must catch Satan's cloned criminals, who may set the wild fire; we must catch the China spy, Satan's number one administer Yuan sun who are cheating all intelligence and local athorties and a working on kill the one to kill the whole population. Mankind must take actions before it is too late. Public must watch the new management on the human original AI, this is not private management, it is public lives management!

The scope of this War is Mass movement. It means EVERYONE participate! From black hat, red hat or white hat virtual testing to earth constructions underground, any field professional talents will be able to serve God mission for God will, there should be millions of tasks that need mankind to participate; If you are virtual system analyst, I have more Satan/UFO's original documents for you to read; Any talents will be used; No special talents just a normal God children will be able to contribute as much as any talents?- Be our prayer marshals! As our mass movement is save our lives and tear down Satan's control !

We must confess our sins and making amendments to show our correction.

We must pray, pray and united prayer Day together. The first united prayer day will be on Sept weekend. We need institutions help organize prayers and learn prayer contents etc. relate.

We must connect our hearts to the Holy Trinity of the United Hearts. Below is God newly created image , the Holy Trinity of the United Hearts. This is not a picture, it is Jesus Heart, Holy mother's heart and God holy spirit and God flame. Pray in front of this image to connect heaven, God, the Father, Jesus or holy Mother, God created such a new image is to pour His grace through Holy Mother's human heart to connect to all human on earth.

The Holy Trinity of the united Hearts

God called me to come to the West. I arrive here in Denver, I trust God; I trust God judgement Denver is the base Mankind should be start to know the Truth. I trust we have people who are willing to sacrifice and work on saving our lives. Either we work to save lives or waiting to be killed. There is no midway in between. You may not fully understand Satan's hidden technology, but if you have a heart to explore the Truth, read more and ask questions, sure you will find out the truth.

Write me a note tell me in what way you can involved, contribute your time your life to this save mankind cause with you contact information, give to me when you are come to our meetings.
