healthy teeth &
a beautiful smile

The right choice for you

Choosing the right dental practice is a crucial step towards caring for your dental health and the beauty of your smile. Whether it's for yourself or your family, you need to feel comfortable and at ease, knowing that you are in the very best hands and being kept fully informed at all times.

Caring professionals

At **smilesahead** dental practice, we are renowned for our friendly, caring approach and high quality, dental work in a clean and hygienic environment. Become a patient and you will soon discover we offer more than the norm – it's a centre of excellence for healthy teeth and a beautiful smile.

We provide affordable, quality private dental care and offer a range of Denplan schemes to help you spread the cost of your care throughout the year. Details of our fee guide and plan options are available from reception.

The services you expect and more

Our first priority is prevention – we will show you how to protect yourself from tooth decay and gum disease. Helping our patients get into the routine of caring for their teeth and gums is very important to us.

Treatment is carried out sensitively and gently using the latest minimal invasive techniques to preserve the greatest amount of natural tooth. Specialist help is on hand for advanced treatments, such as implants.

We offer a comprehensive range of preventive and cosmetic treatments. Full details are available from our website at smilesaheadcorby.co.uk

If you are nervous about visiting the dentist – don't worry. We have had tremendous success with anxious patients and welcome your call.

A highly skilled team

Our dentist, dental nurses and hygienists, supported by friendly and efficient office staff, will take care of you from the first phone call to the completion of treatment. Our dental team undertakes regular professional development to keep their knowledge and skills right up-to-date.

Communication

Good communication with our patients is very important to us and we take time to explain proposed treatment, any risks associated with it as well as available alternatives. There will always be time to ask questions about the treatment or any other aspect of care at the practice. Languages spoken at the practice are English, Russian, Urdu and Punjabi.

Emergency care

Patients of the practice who have a dental emergency when the practice is not open should telephone 01536 269298, and a recorded message will give details of the on-call dentist. This dentist will provide telephone advice and treatment where it cannot be safely delayed until the practice is open again.

During normal working hours patients who feel that they do need to see a dentist quickly because of dental pain, should telephone the practice as early in the day as possible, and they will be given advice and an appointment at the earliest possible opportunity.

Facilities

We have a children's play area in the reception room. Our premises and surgeries are accessible to wheelchairs. The toilet however, is up a small flight of 4 steps. Please ask at reception if help is required.

Missed appointments

If you are not able to keep your appointment please give us at least 24 hours' notice. If less than 24 hours' notice is given a charge will be made.

Complaints

We take complaints very seriously and try to ensure that all patients are pleased with their experience of our service.

Our 'Complaints Procedure' can be found on our website or a copy is available from reception.
