

iCare Pediatrics

Preceptorship Program Packet

For Nurse Practitioner and Physician Assistant Students

"Building one student at a time to be great healthcare providers."

Providing Pediatric Clinical Excellence and Training

Preceptorship Program Overview

Thank you for choosing iCare Pediatrics as your pediatric clinical rotation site. Due to the increasing demand for clinical placement opportunities in our area, we have established a structured Preceptorship Program Fee Schedule. This fee supports your rotation by covering one-on-one preceptor training, access to our Electronic Medical Records (EMR) system, and a comprehensive clinical experience in a busy pediatric practice.

Fee Policy

- A school affiliation agreement must be completed and approved by your institution before a deposit can be made.
- A 50% deposit is required prior to your first clinical day.
- The remaining balance is due once 90% of the required clinical hours are completed.

Fee Schedule

- 40–89 hours – \$500
- 90–120 hours – \$800
- 121–180 hours – \$1,100
- Greater than 180 hours – \$1,800

Enrollment Process

- 1 Review and accept the fee schedule.
- 2 Complete the online application form.
- 3 Participate in a 20-minute phone or video interview (via FaceTime or Zoom).
- 4 Upon approval, the affiliation agreement will be finalized with your school.

We look forward to supporting your professional growth and providing you with a valuable pediatric clinical experience.

Preceptorship Program Application

Please submit the completed form to icarepediatrics@yahoo.com

Thank you for choosing iCare Pediatrics as your pediatric clinical rotation site.

Please complete the form below to apply for our Nurse Practitioner/Physician Assistant Preceptorship Program.
