Why should Cozine Memorial Group direct the Memorial Service?

We aspire to conduct a memorial service that reflects dignity and attention to detail. We will handle all of the particulars of the service so that the family does not feel burdened or overwhelmed to organize and oversee something so important. Our professional staff will receive flowers that are sent to our facility, church, or other venue. We will attractively display the flowers in accordance with religious customs and clergy preferences that may apply. We will take a photo of each floral arrangement and the floral card. This will later assist with recalling the flowers present at the service and in writing acknowledgments to the sender(s). We will display the urn or otherwise care for the cremated remains as the family desires. We will reserve seating for the family and assist with seating guests. We set up memorial registers for signatures, greet people as they arrive, and offer printed materials – such as service folders. We will provide envelopes for memorial contributions and make sure they are sent to the appropriate organization(s). We coordinate with all participating musicians, by arranging for their presence and then reviewing the order of their performance within the service. At the family's request, we prepare and distribute the honorarium checks to clergy, musicians, and other participants. We encourage the family to provide photos and other items which we will help appropriately display. During the service, we are able to assist with the playing of pre-recorded music, and when the ceremony takes place at our facility, we offer live stream recording of the service. At the conclusion, we usher the family and guests. We prepare a package consisting of the register book, additional service folders, sympathy cards, acknowledgment cards, and other pertinent items that is given to the family. We deliver flowers following the service, as determined. We will be there to serve you and make sure all of the service details are carried out according to your wishes. We make your needs our priority!

OUTER BURIAL CONTAINER PRICE LIST

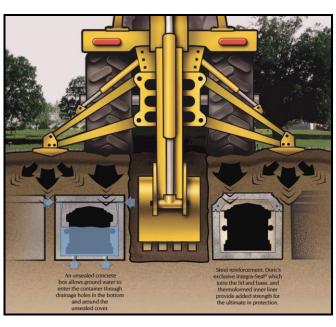

In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements.

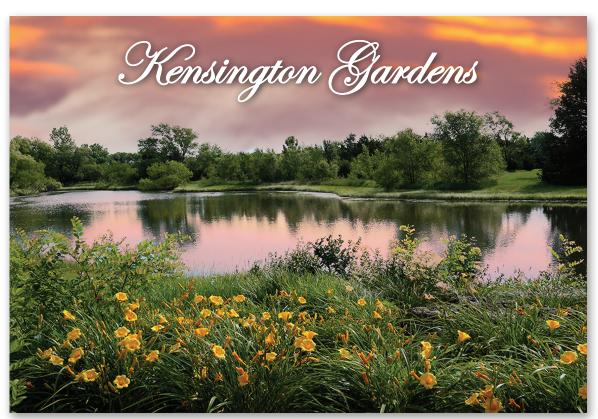

PLEASE NOTE: Additional charges may apply for burials on Saturday, Sunday and/or Holidays. Please ask your funeral director for details.
