School Campaign Update

St. Anne's School, Church, and community members have worked diligently to successfully raise funds for the new school. We are grateful for the continued generosity and support of our community! The building committee have partnered closely with Engan Associates Architects to thoughtfully move the project forward, navigating each step with care and collaboration. The project has made significant progress and is scheduled to go out to bid in March 2026, an exciting milestone in the process. Construction is anticipated to begin in the summer of 2026. While challenges have arisen, and more may come, particularly related to budget and project constraints, these obstacles have been met with perseverance, faith, and strong community support. We are encouraged by the progress made and excited to see this vision taking shape as we move closer to construction of a new elementary school that will serve as a space for generations to come.
