

MEET IN THE MIDDLE

Help us organize a Meet in the Middle for America Democracy Summit & Concert Event!

Civic engagement scales when it's visible! Join a movement for unity and solidarity that stands up to division and chaos to protect our Constitution & democracy.

Together Across America is a national network of organizers who want a better future for our families and our country. We believe in supporting our neighbors, building community, and advocating for the life, liberty, and pursuit of happiness of everyone—not just some.

At the end of the summer, our Meet in the Middle for America event will build an undeniable movement that inspires everyday Americans to engage in our Country's midterms, ensuring a fair and safe election and celebrating democracy's next 250 years.

We will meet in the middle of our country, **NOT IN DC**, but in the heartland. Kansas City represents America's middle in both geography and economic and political makeup. To realize a thriving democracy, this movement must build outward, from the middle to the coasts, powered by the people most impacted by consolidated power and wealth.
