

TOGETHER ACROSS AMERICA CA

Bringing Americans Together to Build a Movement for the People

Together Across America is a national, people-powered movement that bridges political and social divides by uniting diverse individuals and communities across the country to drive meaningful, grassroots change.

Team TAA is a neighbor to neighbor, community to community effort to influence a cultural shift from polarized and divided to unified, connected and willing to take action. Our mission is simple: support neighbors, build community and advocate for life, liberty and the pursuit of happiness for everyone, not just some

**If you value kindness, community & democracy,
join the impact:**

Here are your first steps:

1. Join the Impact and sign up at <https://www.togetheracrossamerica.org/> for weekly updates
2. Follow and engage with our social media @TogetherAcrossAmerica
3. Share information about Together Across America with family and friends, and let's build a unified campaign for change -- from polarized to mobilized

It's Time To Rise – Together Across America

TAA is committed to not running primarily as a fundraising organization; instead, we believe in a strategic collective effort driven by ordinary people aiming to work intersectionally to bring about change. We have a theory of change and we'd love to discuss how you can be involved with our work as a supporter, organizer, partner and/or funder.
