SESSION *fee*

SO, WHAT'S THIS SESSION FEE ALL ABOUT?

\$275

Your Session Fee covers:

- My time, creativity, and questionable jokes
- Up to 2 hours of location hopping, outfit changing, and "wait - just one more shot!" moments
- A sibling/family mini session if you want it (I know Mom's gonna ask)
- An online gallery of everything we captured, ready for you to swoon over
- Social media-ready previews of the images you order (because you know you're going to post them)

What it doesn't include:

Products, prints, and digital files - those are purchased separately once you've had a chance to see your images and pick your favorites. No pressure, no surprise costs. Just choose what you love.

Because let's be honest - if you don't love it, I don't want you to buy it.
