

2026-2027 All Star Packet

Welcome to Challenger Cheer Elite. We're excited you're here with us as we begin our second season. Your support is greatly appreciated!

Please read this entire packet to ensure that you understand the significant time and financial commitment of All Star Cheer. Please call or text 972-375-6003 or email office@challengercheerelite.com with additional questions or concerns. Our website is challengercheerelite.com.

Team Placements

Please see our **Cheer Programs Tab** on our website to find required forms and additional information about tryouts in April and May. Aspiring flyers please visit our **FLYER TRYOUT PACKET** on our website.

To Tryout:

1. Read the All Star packet
2. Sign up through your portal for either a public (\$30) or private (\$50) tryout session.
3. Fill out the required tryout form. Go to challengercheerelite.com, choose "Cheer Programs," and select "Tryout Form."
4. If your athlete is interested in a flyer position, please read the flyer packet and fill out the required flyer tryout form. Flyer tryouts will be completed during your public or private tryout session.
5. Please arrive 15 minutes before your scheduled tryout time.

Team placements will be announced via email by May 25th. First team practices will begin Sunday May 31st. The required parent meeting will be during the first team practice. Practice wear fittings will be Sunday, June 7th. Uniform fittings will be July 10th-July 13th.

Team placement is based on age, stunt position, tumbling skills, experience, ability to focus, and attitude. Most of the athletes on each team will be able to execute the required standing and running tumbling skills with perfect technique. Other athletes may still be perfecting these skills but are needed to make the most of stunt groups. Please understand that successful teams consist of athletes within a range of tumbling and stunting abilities. Every athlete is thoughtfully placed on a team for a reason, and each team will be formed to maximize success within the requirements of its division.

Coaches may occasionally move athletes throughout the season, due to injury, illness, or a change in tumbling skills. Stunt group positions may change throughout the season according to coaches' discretion. Initial team placements are final, but we are happy to answer questions about your child's placement. If we do not have a team for your athlete's age or level, you will receive a refund of your tryout fee.

Please note that the chart below is specific to the financial and time commitment required for each cheer team experience. Please choose the category you are able to commit to for the entire cheer season. Please do not base your decision on the talent or skill level of your athlete. The coaches decide in which category each athlete will be placed. Selecting interest in a certain category does not guarantee placement in that category. Your selection lets us know the maximum time and financial commitment most suitable for your family.

Please enroll your athlete in the correct class based on their individual tumbling skills. Tumbling class requirements can be found on our website under the classes tab.

Private Lessons:

The majority of our coaches provide private lessons. Please use your portal to book with the coach you are interested in working with. Private lessons are \$50 for 30 minutes and you are responsible for paying the coach directly. Please note private lesson coaches will make sure the athletes' team skills are perfected before working on more advanced skills with their private lesson coach.
