ABOUT

With a wealth of expertise under my belt, I have honed my skills across healthcare, medical technology, and wellness brands. I have adeptly navigated both the US and South American markets, serving a broad spectrum of industries. My driving mission has always been to deliver progressive and cutting-edge creative solutions.

I've helped Med-Tech and health startups simplify complex science into clear, human-centered communication. Having worked globally, I have had the privilege to collaborate with clients of all scales and industries, engaging in comprehensive projects that encompass marketing, branding, web development, UX & UI design, digital media, photography, video, events, motion graphics, and print design.

WORK HISTORY

Freelancer, Contractor & Entrepreneur

Roles I've held with various agencies, brands, and industries, as well as in my own agency -- 6/2008 - Current

AS A CREATIVE DIRECTOR:

- Spearheaded creative direction for marketing campaigns.
- Played a central role in brand strategy formulation and identity design.
- Ideated, evolved and refined digital products, improving UX strategies and UI design.
- Developed and implemented new, revenue-generating digital products and services.
- Effectively managed a global team of designers, copywriters, 3D artists, and animators.
- Translated client expectations into quality designs within tight timelines.

AS AN ART DIRECTOR & SR. DESIGNER:

- Melded Art Direction with hands-on design execution for digital products, including social media, apps, responsive websites, e-commerce, decks, and brand style guides.
- Steered UX & UI product design strategies while collaborating closely with Product and Engineering leaders to create apps for mobile, TV, and web.
- Designed user experiences and interfaces (UX & UI) that increased conversion rates, user engagement, and customer retention.
- Doubled sales within six months through enhanced branding & design.
- Utilized multi-cultural consumer insights to maximize marketing impact to drive sales.

AS A PHOTOGRAPHER & VIDEOGRAPHER:

- Orchestrated photo and video shoots, covering all stages from planning and team building to the actual photography and video production.
- Photographed & filmed influencers, world-class athletes, products, events, and more.
- Edited video and retouched photographs for a variety of commercial projects.

WORK HISTORY

Roles I've worked as an employee

CREATIVE DIRECTOR

Finfare -- 2024-Present

- Built and led a high-performing design and copywriting team, fostering collaboration and delivering impactful creative solutions.
- Led integrated marketing and education-focused campaigns that simplified complex fintech concepts for consumers — experience directly applicable to patient and provider communication in regulated industries.
- Successfully rebranded the company, developing a fresh, modern brand identity within a tight timeline.
- Directed the creation of cohesive content and campaigns across digital platforms, enhancing brand visibility and engagement.
- Streamlined creative workflows, improving project delivery efficiency while maintaining high-quality results.

ART DIRECTOR

Studio PMG -- 2010-2011

- Executed creative deliverables, bringing conceptual ideas to life.
- Communicated innovative concepts to convey marketing strategies and interactive design solutions effectively.
- Led a collaborative team of designers, copywriters, and 3D artists, fostering a dynamic and productive work environment.
- Generated growth for automotive, pharma and healthcare industry clients.

LEAD SR. DESIGNER

Herbalife International -- 2007-2008

- Led a design team to produce publications, corporate identities, and marketing collateral distributed across Latin America.
- Translated brand objectives into compelling, high-quality visuals that met tight deadlines and exceeded goals.
- Fostered a collaborative team culture, driving creativity and continuous improvement.
- Delivered projects for sales and marketing teams within budget, ensuring on-time delivery and measurable results.

EDUCATION

UCLA EXTENSION – Los Angeles, CA

Design Communication Arts: Focused on UX design, print design, typography, & photography.

MPC – Monterey, CA

Graphic Design: Specialized in digital media, web design, illustration, and photography.

SKILLS SUMMARY

- Expertise in creative & art direction, and design principles across digital and print platforms.
- Experience designing for healthcare audiences, medical compliance, and patient engagement.
- Strong project management skills, both onsite and remote, with international teams.
- Proficient in UX/UI design methodologies and general programming (HTML, CSS, PHP, XML).
- Experienced in commercial photography, videography, and AI tools like ChatGPT, MidJourney.
- Bicultural/bilingual in Spanish & English, with a global perspective on design & communication.
