Tuition Information Guide

Opening Remarks

Winter 2024

Dear Families,

It is our joy to welcome you to the first of the planning stages for the CMCP 2024-2025 school year. No doubt, financing your child's education is close to the top of your list in considerations as you finalize your decisions.

This year we are offering this extended brochure which should assist you in taking the necessary steps to secure all the tuition assistance vehicles that are available to you. This includes but is not limited to the State of Florida allocations for ALL families, not based on income. The process for application for these funds will be explained in this brochure. Please remember that it is YOUR responsibility to meet the deadlines for application and follow-through. Once deadlines have passed, we are unable to do anything in our office to get applications reinstated, etc.

You will also note that the Board of Trustees approved our discontinuation of the bifurcated tuition rates that we have used for many years - these were "Catholic" and "non-Catholic" rates. Most schools ended this practice over 15 years ago. You will see one effective rate for everyone. The only exceptions are for students with legacy family members. Legacy is defined as: PARENT OR SIBLINGS (including those currently enrolled) who are graduates of CMCP. It does not extend to grandparents, aunts, uncles, cousins or other extended family members.

Finally, the incentive program through the Office of Enrollment Management will end at the conclusion of the 2023-2024 school year.

All of the members of the Finance Office stand ready to assist you with whatever needs that you might have as you navigate the process. Please feel free to contact Ana Galvez at agalvez@cmlions.org or (954) 989-5150 x 113.

Thank you for the opportunity to partner with you!
