Tuition Information Guide

Opening Remarks

Dear Families,

It is our joy to welcome you to the first of the planning stages for the CMCP 2026-2027 school year. No doubt, financing your child's education is close to the top of your list in considerations as you finalize your decisions.

Here at CMCP we offer a unified tuition rate, which means that your child will gain unlimited access to all school-based needs such as tuition (7 academic courses), transportation, technology, eBooks, student and sports activities. This “all-in” approach differs from other Catholic high schools in the region and is simplified budgeting made easier for you, the parent, to plan payments, as fewer separate charges exist.

We are offering this extended brochure which should assist you in taking the necessary steps to secure all the tuition assistance vehicles that are available to you. This includes but is not limited to the State of Florida allocations for ALL families, not based on income. The process for application for these funds will be explained in this brochure. Please remember that it is YOUR responsibility to meet the deadlines for application and follow-through. Once deadlines have passed, we are unable to do anything in our office to get applications reinstated, etc.

Legacy family members will continue to receive a discount. Legacy is defined as: PARENT OR SIBLINGS (including those currently enrolled) who are graduates of CMCP. It does not extend to grandparents, aunts, uncles, cousins or other extended family members.

All the members of the Finance Office stand ready to assist you with whatever needs that you might have as you navigate the process. Please feel free to contact Ana Galvez at agalvez@cmlions.org or (954) 989-5150 x 113.

Thank you for the opportunity to partner with you!

State of Florida Opportunities

Scholarship programs offered by the State of Florida are available to Chaminade-Madonna students.

Step Up For Students:

- Florida Tax Credit
- Family Empowerment Scholarship-EO (Educational Options)

Scholarships for Students with Unique Abilities:

- Family Empowerment Scholarship for Unique Abilities (former McKay Scholarship Program)

Step Up Payments:

Please note- Parents/guardians will be required to approve payments quarterly in EMA. This process is initiated after invoices are submitted by the school.

Under the new Education Market Assistant regulations, you must approve the invoices in your EMA portal within 30 days of Chaminade-Madonna submitting them. If you do not do this within the required time frame, the invoices will be deleted.

Invoicing and Payments:

Also, new to the EMA, you must complete a public-school attestation in your account for your child to be considered for funding. This means you are attesting that your child is not enrolled in public school ("yes" the attestation is complete, and "no" my child is not in public school.). If your account shows "none", then you have not completed your attestation.

Families must approve their student's quarterly payment in EMA before fund are disbursed to the school.

Once you have approved a student's invoice, the family will receive an automatic notification asking them to log in to their EMA account to approve their student's payment on their dashboard.

Step Up For Students will send reminder emails and texts to families who do not immediately take this action.

Step Up For Students makes quarterly tuition and fee payments for full-time students in eligible private schools within 7 business days after approval from both the school and parent or guardian. Once initiated, funds may take up to 3-5 business days to arrive in the school account.

Tuition accounts are not credited as paid until the school receives the quarterly distribution from the State of Florida. Failure to follow each step of the process in a timely manner may jeopardize the award.
