

## SUSTAINABLE PURCHASING POLICY

In line with the sustainable supply approach, our supplier's/solution partners offer;

- ◆ Quality assurance management systems, environmental and occupational safety management systems, internationally recognized environmental and sustainability labels/certificates,
- ◆ no harmful effects on the environment in production and delivery in accordance with environmental law,
- ◆ Use/consume sources appropriately without harming natural life or the ecosystem and comply with hunting bans,
- ◆ Works to minimize and properly manage its waste, it offers fewer packaging or bulk packaging alternatives in its product packaging.
- ◆ Emphasizes environmental friendliness, economy, localization, ethical values, uses recyclable or recycled materials, is organic, vegan, cruelty-free and does not contain harmful chemical components, etc. in order to offer alternative,
- ◆ Values being a domestic and local production/service provider,
- ◆ It is a product/service that reflects/promotes the cuisine, traditions and culture of our country/region.

We attach importance to the above-mentioned starting points and convey this perspective to our stakeholder suppliers. We try to create efficient purchasing opportunities with our suppliers and strive to reduce the environmental impact of delivery processes.
