

CHILDREN'S RIGHTS POLICY

Children are our legacy for the future. Knowing them as individuals, respecting their rights, protecting all kinds of psychological, physical, commercial exploitation is our primary responsibility.

To ensure this;

- ◆ We do not allow child labour in our own facilities and expect the same sensitivity from all our business partners.
- ◆ We provide environments/opportunities within the company that contribute to the development of children, in which they can easily express their thoughts, desires and feelings and in which they feel free and comfortable.
- ◆ Our employees receive training on the prevention and detection of child abuse.
- ◆ We ensure that children are supervised by adults during the activities they participate in.
- ◆ We organize training courses and support relevant projects to raise awareness of the protection of children's rights.
- ◆ If we observe suspicious acts involving children, we first inform the hotel management and, if necessary, ask official organizations for help.
